HEALTH LIAISON PANEL

Tuesday 10 November 2020 at 7.00 pm

Place: Remote Meeting

PLEASE NOTE: this will be a 'virtual meeting'.

**The link to the meeting is: <https://attendee.gotowebinar.com/rt/3931718749935571216>
Webinar ID: 714-902-323**

Telephone (listen-only): 020 3713 5022, Telephone Access code: 960-078-310

The members listed below are summoned to attend the Health Liaison Panel meeting, on the day and at the time and place stated, to consider the business set out in this agenda.

Councillor Liz Frost (Chairman)
Councillor Christine Cleveland
Councillor Hannah Dalton
Councillor Bernice Froud

Councillor Colin Keane
Councillor Debbie Monksfield
Councillor Guy Robbins

Yours sincerely

Chief Executive

For further information, please contact Rachel Kundasamy, 01372 732168 or rkundasamy@epsom-ewell.gov.uk

Public information

Please note that this meeting will be a 'virtual meeting'

This meeting will be held online and is open to the press and public to attend as an observer using free GoToWebinar software, or by telephone.

A link to the online address for this meeting is provided on the first page of this agenda and on the Council's website. A telephone connection number is also provided on the front page of this agenda as a way to observe the meeting, and will relay the full audio from the meeting as an alternative to online connection.

Information about the terms of reference and membership of this Committee are available on the [Council's website](#). The website also provides copies of agendas, reports and minutes.

Agendas, reports and minutes for the Committee are also available on the free Modern.Gov app for iPad, Android and Windows devices. For further information on how to access information regarding this Committee, please email us at Democraticservices@epsom-ewell.gov.uk.

Exclusion of the Press and the Public

There are no matters scheduled to be discussed at this meeting that would appear to disclose confidential or exempt information under the provisions Schedule 12A of the Local Government (Access to Information) Act 1985. Should any such matters arise during the course of discussion of the below items or should the Chairman agree to discuss any other such matters on the grounds of urgency, the Committee will wish to resolve to exclude the press and public by virtue of the private nature of the business to be transacted.

Questions from the Public

Questions from the public are not permitted at meetings of the Health Liaison Panel. [Part 4 of the Council's Constitution](#) sets out which Committees are able to receive public questions, and the procedure for doing so.

AGENDA

1. MINUTES OF PREVIOUS MEETING (Pages 5 - 8)

The Panel is asked to confirm as a true record the Minutes of the meeting of the Health Liaison Panel held on 9 July 2019 and to authorise the Chairman to sign them.

2. DECLARATIONS OF INTEREST

Members are asked to declare the existence and nature of any Disclosable Pecuniary Interests in respect of any item of business to be considered at the meeting.

3. THE CURRENT POSITION OF EPSOM AND ST. HELIER UNIVERSITY HOSPITAL NHS TRUST IN RELATION TO THE RECENT PUBLIC CONSULTATION AND THE ON-GOING COVID-19 PANDEMIC

An overview of the current position of Epsom General Hospital, in relation to the outcome of the Improving Healthcare Together consultation, and the impact of the COVID-19 pandemic on the works being under-taken at Epsom General Hospital, and on the clinical services being provided to our residents.

Daniel Elkeles: Chief Executive, Epsom & St. Helier University Hospitals NHS Trust

4. SURREY DOWNS INTEGRATED CARE PARTNERSHIP: 'RESPONSE AND RECOVERY' IN RELATION TO THE COVID-19 PANDEMIC

An overview of service provision in response to the issue of social isolation and Long COVID, and a look at how we are returning to business as usual.

Emma Cox: Programme Director – Surrey Downs Integrated Care Partnership

Minutes of the Meeting of the HEALTH LIAISON PANEL held on 9 July 2019

PRESENT -

Councillor Liz Frost (Chairman); Councillor Christine Cleveland, Councillor Hannah Dalton, Councillor Bernice Froud and Councillor Debbie Monksfield

In Attendance: Councillor Steven McCormick and Councillor Barry Nash, Andrew Demetriades (Joint Acute Sustainability Programme Director) (Sutton, Merton and Surrey Downs Clinical Commissioning Groups), Daniel Elkeles (Chief Executive) (Chief Executive, Epsom and St. Helier University Hospitals NHS Trust) and Dr. Hilary Floyd (General Practitioner and GP Lead GP Health Partners Ltd) (General Practitioner and GP Lead GP Health Partners Ltd)

Absent: Councillor Nigel Collin and Councillor Guy Robbins

Officers present: Rod Brown (Head of Housing and Community) and Rachel Kundasamy (Health and Wellbeing Officer)

1 DECLARATIONS OF INTEREST

Declarations of Interest

Councillor Liz Frost MSc FCOptom, Other Interest: Councillor Liz Frost declared her current employment in NHS England could be said to be considered a pecuniary interest under the council's local code of conduct for members. However, the council's standards committee has discussed this, and would not consider this a risk to public confidence, and that she has been given dispensation to speak on matters relating to health.

2 IMPROVING HEALTHCARE TOGETHER 2020-30: UPDATE

Introduction of Daniel Elkeles and Andrew Demetriades.

There was a briefing given on the programme for Improving Healthcare Together.

There was an acknowledgement of the progress made on the business case, with the 3 CCGs (Surrey Downs, Merton and Sutton) having worked closely with Epsom & St Helier.

Andrew Demetriades advised on the business case for change:

- Clinical
- Building / Estates

- Financial

The proposal was to bring all acute, clinical services together under 'one roof'. The clinical senate has endorsed the proposal.

The Integrated Impact Assessment (IIA) is on-going with further research and analysis required. The draft IIA is available on the IHT website.

The proposal will then need to go to the 'National Scrutiny Board' and there is a requirement to have financial approval before the proposal can move to public consultation.

Cllr Dalton asked for confirmation of timelines and also offered a reflection that some participants of the focus group were not satisfied with the work undertaken as part of the IIA.

Andrew Demetriades advised that the aim is to move to public consultation by Autumn 2019.

Daniel Elkeles advised that the consultants undertaking the IIA are completely independent of the NHS and that a significant amount of work has been done in undertaking a complex analysis of the needs of all groups identified, inclusive of travel time by method, times and days of the week, and clinical need. Early findings are that deprived communities of Merton and Sutton maybe adversely impacted by an Epsom based site; whilst the older population of Surrey Downs may be adversely impacted by a Sutton based site.

Further questions posed re: work-force relocation, the likelihood of the finances being secured, the risks of Brexit and the 'plan B' should the application be declined.

Daniel Elkeles and Andrew Demetriades advised that:

- The workforce were very keen to re-locate to one specialist site. 100% of nurses and 91% of consultants were prepared to relocate.
- NHS England had received 9 applications and Epsom & Ewell were high on list.
- Brexit will remain a risk to current transformation bids however there is no 'plan B'.

Daniel Elkeles went on to provide an overview of current improvement on the Epsom Hospital site, and provided on up-date on the planning application approval of the multi-story car park. Due for completion Dec 2020.

3 SURREY DOWNS HEALTH AND CARE PARTNERSHIP: INTRODUCTION AND SERVICE OVERVIEW

Dr Hliary Floyd presented on the newly formed Surrey Downs and Health & Care Partnership.

- The partnership ensures a whole system/pathway approach.
- The partnership is GP led.

Of recent and on-going success, is the rehabilitation of 60% of people within their own homes, and the impact of Croft Ward which continues to provide in-patient rehab to complex cases.

Cllr Nash raised the question of social prescription and how this can be utilised.

Dr Floyd advised that there was opportunity for social prescription and that Primary Care Networks are being proactive in provision of social prescription within each PCN; they is an acknowledgement of the wider determinants.

Further questions pertaining to provision of rehab bed spaces via Legal and General following land sale, as well as the organisational structure of the partnership and how our residents understand this, and the relationship between the partnership and EEBC Hospital-to-Home service.

Daniel Elkeles confirmed that Legal and General are committed to providing self-contained rehab units; some will be costed. In some cases, NHS will secure these.

In respect of communicating services, the Care Coordinators and Community Matrons are getting the message 'out there'. All agree a 'roadmap' of services may be useful and that their needs to be a further conversation about how Hospital-to-Home fit in.

Rod Brown will take this forward.

Dr Floyd confirmed that all staff are employed by their respective organisation and commented on the significant benefits of the partnership in respect of referral routes (incl. of self-referral) to targeted, clinical interventions i.e. physio. This is already showing to be reducing pressure on the GP practices.

4 HEALTH AND WELLBEING UPDATE

Rachel Kundasamy advised on history and context of the Health and Wellbeing Strategy currently being produced, advising further on the influence of Surrey Heartlands Integrated Care System, and the work of the Integrated Care Partnerships, of which EEBC is represented.

Rachel Kundasamy advised that the Health & Wellbeing priorities for the Borough need to align to the wider priorities, whilst being pertinent to the needs of the residents.

Rachel Kundasamy advised that desk top reviews had been conducted, as well as engaging with our community and voluntary providers to identify the following (emerging) themes:

- Our ageing population

- Our hidden communities
- Our carers
- Our residents experiencing domestic abuse
- Our general population for which weight, female participation in sport, alcohol use and conditions such as diabetes and hypertension are emerging as a need.

More work is required in respect of further engagement with partners, and in ensuring that Future40 is central to the strategic direction. Rachel Kundasamy advised that member engagement was also required.

Cllr Dalton stated how important she felt this work to be and was in full support of the Council in moving this work forward.

Rod Brown added that much of the work needed is in regards to the wider determinant of health.

Questions were raised in respect of the Council's intent to engage schools, how the Council envisage ensuring initiatives that arise from the strategy are taken to the correct committee, and how the Council intends to address substance misuse issues on some of its estates.

Rachel Kundasamy advised that consideration would need to be given to those policies/projects that supersede, as to ensure consideration at appropriate panel. Rod Brown advised that all projects sit under Housing & Community.

Rachel Kundasamy advised that there was an intention to engage with schools and that due to the work of Leisure Developments in delivering the Surrey Youth Games, EEBC has established positive working relationships.

Rachel Kundasamy advised that in respect of substance misuse, she is yet to meet i-access. However, the statistics available are likely to under-represent the scale of the issue and as such, local intelligence is required. Rachel Kundasamy advised that in respect of how to address this, an approach could be taken whereby services are made available to all, however we target a few as to help reduce stigma and encourage disclosures.

All members would welcome being kept up-to-date via member's briefings.

The meeting began at 7.00 pm and ended at 9.01 pm

COUNCILLOR LIZ FROST (CHAIRMAN)
