1 Implications for the Council's Key Priorities, Service Plans and Sustainable Community Strategy

- 1.1 The Council's Medium Term Financial Strategy (MTFS) includes the following guidelines relevant to investment in services:-
 - 1.1.1 Prioritise capital investment to ensure retained property is fit for purpose.
 - 1.1.2 Maximise the use of external funding opportunities to deliver improvements to the community infrastructure, including affordable housing.
 - 1.1.3 Maintain a minimum uncommitted level of capital reserves of £1 million.
- 1.2 A baseline criteria for schemes is 'Investment required to meet Health and Safety or other new legislative requirements' as identified in the project appraisals.

2 Background

- 2.1 The Capital Strategy was last agreed by the Council on 20 February 2018 at which time the capital programme was approved for 2018/19. Schemes for 2019-2021 were provisional pending the annual budget review and an annual assessment of funds for capital investment.
- 2.2 The Financial Policy Panel ('the Panel') provided the Capital Member Group (CMG) with a remit for the preparation of a capital programme for 2019/20. Under this remit, CMG assessed all capital bids and recommended a programme to the Panel for approval on 4 December 2018.
- 2.3 The programme presented to the Panel assumed funding from capital receipts and government grants. The Panel were advised that the proposed level of investment of £2.4 million over three years 2019/20 to 2021/22, of which £464k was to be funded from capital receipts and revenue, would reduce the available capital receipts balance to £2.8 million at the end of this period. The agreed minimum threshold of capital receipts is £1 million.
- 2.4 The receipts forecast assumes a £100k revenue contribution to fund capital schemes in 2019/20. This contribution is subject to the budget being approved at Council in February 2019.
- 2.5 The Panel's guidance relevant to this policy committee's recommendations was as follows:-

Community and Wellbeing Committee

22 January 2019

2.5.1 Priority schemes identified by the Capital Member Group should be presented with project appraisals to the policy committees in January to establish whether there is support for the individual projects, with any projects not supported being removed from the draft programme.

2.5.2 Schemes identified in section 4 and 5 of this report, totalling £690k, requiring £40k use of capital reserves and £650k externally funded from grants, should be included in the capital programme, subject to support for the project appraisal by this Committee and subject to external funding being received before expenditure is committed.

3 Proposals

3.1 The Committee is asked:-

3.1.1 To approve the proposed capital programme for 2019/20; and

3.1.2 To agree to the provisional programme for 2020-22.

3.2 The timing of the programme should be based on the ability to deliver with a realistic number of projects in any one year.

3.3 If all schemes in the proposed corporate capital programme for 2019/20 were to progress, and given the use of £100k of revenue funds, this would reduce the capital reserves to £2.82 million at 31 March 2022. Where possible the Council will prioritise the use of other funding sources such as revenue, external grants, S106 and Community Infrastructure Levy to preserve the level of capital receipts.

4 Core Programme 2019/20 Funded from Capital Reserves

4.1 The Financial Policy Panel recommended that the following schemes should be considered by this Committee for inclusion in the capital programme in 2019/20, subject to the Committee approving the project appraisals.

4.2 The proposed core programme for 2019/20 funded from capital reserves consists of the following scheme:-

11.2 To help manage risks to the General Fund revenue account business case investment has been prioritised where it demonstrates a payback within 5 years or 7 years for renewable energy projects.

11.3 Funding has been identified to enable the delivery of the capital programme for 2019/20 and officers believe that there should be sufficient capacity to deliver these projects.

12 Conclusion and Recommendations

12.1 A programme of £690k, excluding any carry forward provisions from 2018/19, is recommended for this Committee in 2019/20.

12.2 To agree the provisional programme for 2020-2022.
