Summary

This report presents the Committee with the current forward plan of items that it is anticipated will require consideration by the Committee at its future meetings.

Recommendation (s)

The Committee is asked to:

- (1) Note and agree the Committee's current Forward Plan as attached at Appendix 1 of this report.

1 Reason for Recommendation

- 1.1 At the start of the Municipal Year, Officers have identified the policies, strategies and decisions that it is anticipated will need the Committee's consideration over the course of the year. To aid effective administration of this workload, the proposed Forward Plan of agenda items (as at 14.07.21) is set out at Appendix 1 of this report. This Forward Plan is subject to change during the course of the year, and will be kept up to date and reported to each meeting of the Committee.

2 Background

- 2.1 The Committee's Forward Plan is informed by the Council's corporate priorities, statutory responsibilities and external influences.

Strategy and Resources Committee

- 2.2 In terms of corporate priorities these will have a bearing on what strategies need to be developed, reviewed and monitored in any particular year. The Council's Financial planning and Budgetary process, together with the approach to the management of the Council's resources, and its Human, Financial, and Physical assets in particular, are central to the work of the Committee, as reflected in the Forward Plan appended to this report.
- 2.3 In terms of external influences on the work of the Committee, these will vary year on year, however Building Back Better after Covid19, and external reviews, such as the Finance Peer Review (2020/21), and the Local Government Boundary Commission review (on-going), will continue to have an influence on the work of the Committee over the coming year.
