Section 1

1. Introduction

These Contract Standing Orders ('CSO's) set out how the Council manages its spending. They relate to the purchasing of all goods, works & services and ensure that prior to any expenditure Officers give proper consideration as to whether the purchase is required, and that Contracts are entered into in a fair, open and transparent way.

Officers who purchase on behalf of the Council are responsible for following these CSOs including all relevant policies and guidance detailed. Heads of Service are accountable for all procurement in their respective areas of responsibility.

The Procurement Officer is responsible for ensuring the CSOs are up to date and reflect current law including any retained EU law. Any change in applicable law must be observed until the CSOs can be revised. If there is a conflict between applicable law and these CSOs then the law will take precedence.

Section 2

2. Statutory Requirements

- 2.1 Public procurement in the UK is regulated by the Public Contracts Regulations 2015 (the "PCR 2015"), which derive from the EU Public Contracts Directive 2014 – this is retained law. Accordingly, the PCR 2015 continue to apply to public procurements in the UK.
- 2.2 Where the value of the contract exceeds the relevant EU Procurement Directive threshold then the Council must comply with the EU tendering requirements set out in the PCR 2015.
- 2.3 For the purpose of these CSOs, the EU threshold means the threshold set out within the Public Contract Directive as amended from time to time for public supply contracts, public works contracts and public service contracts awarded by local authorities. The applicable thresholds can be found in Annex 2.

3. Compliance

- 3.1 All Officers purchasing on behalf of the Council are expected to comply with these CSOs.

 - e) Local Government Act 1999 (Section 3; best value)
 - f) Any and all applicable statutory provisions;
- 3.3 Purchase Orders must be approved and/or Contracts signed by both parties prior to any contract start date.

8. Temporary Staff, Consultants and Professional Services

- 8.1 Procurement works closely with HR to manage the Council's temporary agency workforce needs and applies to any appointment outside the Council's direct employment arrangements. Prior to appointment the appropriate Rec01 must be completed (except in Operational Services).
- 8.2 The Council has a contract for the provision of temporary agency staff via a managed service supplier. All temporary agency workforce must be sourced via this Contract in the first instance.
- 8.3 Where it is not possible to use this contract, a Head of Service may use an alternative "off contract" agency. This appointment must be agreed in advance with the Head of HR & OD and the role is considered specialist.

- 8.5 Temporary agency staff, and other consultants or contractors, must abide by the terms of their contract with the Council and follow the Council's Code of Conduct.

9. IR35

- 9.1 IR35 relates to off-payroll working. This is where a supplier is operating and providing services to the Council via an intermediary, such as a limited company, and were it not for that arrangement, they would be considered an employee and within IR35. It is the responsibility of the Council to determine if IR35 applies or not and any unpaid tax can be claimed back if the Council gets the decision wrong. If it does apply the Council (or fee payer if via an agency) would be responsible for making employment tax and National Insurance deductions. Advice should be sought from HR.

- 9.2 Further IR35 advice can be found via the link within Annex 3 or by contacting the HR Team.

10. Grants

- 10.1 The making of grants is not subject to these Orders. You must follow the rules and guidance for grant-making that are available internally for each individual grant. Officers are reminded to take into account the legal requirements concerning subsidy control.

11. Social Value

- 11.1 The Public Services (Social Value) Act 2012 came into force on 31st January 2012. The act requires the Public Sector to consider how they can use contracts to enhance the wider wellbeing of the community. This complements existing procurement legislation and reinforces social value as part of the value for money considerations.
- 11.2 Social Value (SV) can be achieved by generating benefits to society, the economy and positive impacts to the environment and local communities via our external spend. It can be created in many ways and has wide ranging benefits.
- 11.3 The Social Value Act 2012 currently applies only to service contracts over the EU threshold (£189k) but shall be considered in all procurements where applicable. Social value forms part of a bidders commitments at tender stage and should be tailored to the subject nature of the contract being awarded.
- 11.4 It is the Contract Managers responsibility to ensure SV is being delivered during the life of the contract.

12. Modern Slavery

- 12.1 The Modern Slavery Act 2015 ("MSA") is a UK act of Parliament designed to tackle slavery and human trafficking through the consolidation of previous legislation and the introduction of new measures. Specifically, it introduces new requirements for organisations in regards to their business and supply chains – and creates a criminal offence.
- 12.2 Modern Slavery is defined as slavery, servitude, forced or compulsory labour, human trafficking and exploitation was put in place.

- 12.3 For procurements within threshold 3, the Council will use the mandatory standard supplier questionnaire (SSQ) on all its procurements which includes a section on the supplier's approach to the Modern Slavery Act, slavery and human trafficking in the supply chain. As part of the Councils due diligence on all new suppliers, and proportionate to the level of supply chain risk, additional questions may be posed at the assessment stage to consider how suppliers manage their own supply chain risk.

13. Sustainable Procurement

- 13.1 Sustainable procurement, put simply, is the process by which an organisation meets their purchasing needs in a way that achieves value for money, on a whole life basis, whilst benefitting the organisation, its customers, the wider society and economy and protecting the environment.
- 13.2 The Council seeks to address the environmental impact of its activities. To help do this, suppliers bidding for contract opportunities will be asked, where appropriate, to demonstrate their awareness of relevant environmental issues through their own policies.
- 13.3 Typically sustainable procurement should follow the following principles:
- Sustainable procurement is the act of adopting social, economic and environmental factors alongside the typical price and quality considerations into the organisations handling of procurement processes and procedures.
 - Sustainable procurement isn't just about buying 'green' products. It includes planning ahead to manage demand, effective ongoing contract management and dealing with supply chain risks and impacts.
 - Incorporating sustainable procurement into our future contracts in order to facilitate a reduction in our Scope 3 (supply chain emissions).
- 13.4 Officers purchasing on behalf of the Council should be aware of the Councils Climate Change Action Plan (CCAP) which incorporates single use plastic policy and the Biodiversity Action Plan. The impact of climate change should be built into procurements where appropriate.

14. Reverse charge of VAT

- 14.1 The VAT reverse charge for construction came into effect on 1 March 2021. The reverse charge applies to any services related to the construction of buildings and the materials, but not to professionals' fees like those of architects, surveyors, or consultants. A reverse charge means that the recipient will be accountable for the VAT rather than the supplier.

15. Accessibility Standards

- 15.1 In 2018 the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 came into effect. This Act builds upon existing obligations under the Equality Act 2010.

Council offer, must comply with the Act and Regulations and must meet the new accessibility standards.

- 15.3 Officers must ensure that the Councils Communications Teams advice is sought.

Transparency

16. Publication of spend, Opportunities and Awards

- 16.1 The Council is committed to displaying information that explains how its money is spent. The Local Government Transparency Code 2015 requires Local Authorities to publish any expenditure that exceeds £500 and all Contracts over £5,000. This can be found on the Councils public website.
- 16.2 Under regulations 106, 108, 110 and 112 of the PCR's, the Council has a statutory obligation to advertise Contract awards over £25,000 on Contracts Finder.
- 16.3 The Councils e-Sourcing Portal will automatically publish contract and award notices. For procurements over £25,000 (but not advertised through the Councils e-Sourcing platform) must be completed and published directly on the Contracts Finder website by the Procurement Officer.
- 16.4 In January 2021, Find a Tender service (FTS) was launched to replace the OJEU Contracts notices and awards system. The Councils e-Sourcing Portal automatically publishes opportunities on FTS.

19. Freedom of Information

- 19.1 In accordance with the Freedom of Information Act (FOIA) 2000 and Environmental Information Regulations (EIR) 2004, the Council has an obligation to publish specific

information and to provide information to members of the public upon request. That is subject to certain disclosure exemptions such as where confidential or commercially sensitive information may be withheld.

- 20.1 These CSOs apply to all procurement undertaken by the Council unless the procurement is within Thresholds 1 & 2 and falls within one of the following categories:

- 1. Head of Corporate Assurance

- 21.3 A waiver cannot be granted for procurements in threshold 3 as it would contravene the PCR's 2015.

- 21.4 Officers must obtain approval for a Waiver by completing the 'Waiver Request Form' documenting the reason for which the waiver is sought, including justification and risk.
- 21.5 Waiver Request Forms must be completed in full and accurately describe the services needed. Forms not completed satisfactorily will be returned to the author.
