# 1 INTRODUCTION

Our approach to developing your internal audit plan is based on analysing your corporate objectives, risk profile and assurance framework as well as other, factors affecting Epsom and Ewell Borough Council in the year ahead, including changes within the sector.

#### 1.1 Background

The Council continues to face financial pressures and has developed financial savings plans for delivery in year.

A new Corporate Plan has been developed with revised objectives, outcomes and performance indicators. This was subject to agreement at the time of writing.

# 2 DEVELOPING THE INTERNAL AUDIT STRATEGY

We use your objectives as the starting point in the development of your internal audit plan.

#### 2.1 Risk management processes

We have evaluated your risk management processes and consider that we can place reliance on your risk registers to inform the internal audit strategy.

Based on our understanding of the organisation, the outline plan for 2016/17 in the existing internal audit strategy and our knowledge of the sector, we have developed a draft internal plan for the coming year and updated the high level strategic plan (see Appendix A and B for full details).

We have discussed priorities for internal audit coverage with the Statutory Officer's Group.

#### 2.2 How the plan links to your strategic objectives

Each of the reviews that we propose to undertake is detailed in the internal audit plan and strategy within Appendices A and B. In the table below we bring to your attention particular key audit areas and discuss the rationale for their inclusion or exclusion within the strategy.

Area	Reason for inclusion or exclusion in the audit plan/strategy
Rent accounting and housing revenue account reconciliation	Management concern
Lettings and Voids	Management concern
Car Parking	Change in barriers, payment machines as well as management of the team
ICT Shared service	Change in service delivery
Private Sector Leasing Scheme	Management concern
Procurement	Management concern and change in approach as a result of previous weaknesses identified.

We have discussed with management but not included:

Area	Reason for inclusion or exclusion in the audit plan/strategy
Cyber Security	Emerging risk across the public sector

As well as assignments designed to provide assurance or advisory input around specific risks, the strategy also includes: a contingency allocation, time for tracking the implementation of actions and an audit management allocation. Full details of these can be found in Appendices A and B.

#### 2.3 Working with other assurance providers

The Audit, Crime & Disorder and Scrutiny Committee is reminded that internal audit is only one source of assurance and through the delivery of our plan we will not, and do not, seek to cover all risks and processes within the organisation.

We will however continue to work closely with other assurance providers, such as external audit, to ensure that duplication is minimised and a suitable breadth of assurance obtained.

# 3 YOUR INTERNAL AUDIT SERVICE

Your internal audit service is provided by RSM Risk Assurance Services LLP. The team will be led by Karen Williams, supported by Chris Benn.

#### 3.1 Conformance with internal auditing standards

RSM affirms that our internal audit services are designed to conform to the Public Sector Internal Audit Standards (PSIAS). Further details of our responsibilities are set out in our internal audit charter within Appendix D.

Under PSIAS, internal audit services are required to have an external quality assessment every five years. Our Risk Assurance service line commissioned an external independent review of our internal audit services in 2011 to provide assurance whether our approach meets the requirements of the International Professional Practices Framework (IPPF) published by the Global Institute of Internal Auditors (IIA) on which PSIAS is based.

The external review concluded that "the design and implementation of systems for the delivery of internal audit provides substantial assurance that the standards established by the IIA in the IPPF will be delivered in an adequate and effective manner".

## 3.2 Conflicts of interest

We are not aware of any relationships that may affect the independence and objectivity of the team, and which are required to be disclosed under internal auditing standards.

## 4 AUDIT, CRIME & DISORDER AND SCRUTINY COMMITTEE REQUIREMENTS

In approving the internal audit plan and strategy, the Committee is asked to consider the following:

- Is the Committee satisfied that sufficient assurances are being received within our annual plan (as set out at Appendix A) to monitor the organisation's risk profile effectively?
- Does the strategy for internal audit (as set out at Appendix B) cover the organisation's key risks as they are recognised by the Committee?
- Are the areas selected for coverage this coming year appropriate?
- Is the Committee content that the standards within the charter in Appendix C are appropriate to monitor the performance of internal audit?

It may be necessary to update our plan in year, should your risk profile change and different risks emerge that could benefit from internal audit input. We will ensure that management and the Committee approve such any amendments to this plan.

# APPENDIX C: INTERNAL AUDIT CHARTER

#### Need for the charter

This charter establishes the purpose, authority and responsibilities for the internal audit service for Epsom and Ewell Borough Council. The establishment of a charter is a requirement of the Public Sector Internal Audit Standards (PSIAS) and approval of the charter is the responsibility of the Audit, Crime & Disorder and Scrutiny Committee.

The internal audit service is provided by RSM Risk Assurance Services LLP ("RSM"). Your key internal audit contacts are as follows:

	Director	Manager
Name	Karen Williams	Chris Benn
Telephone	07818002464	07528970127
Email address	Karen.williams@rsmuk.com	Chris.benn@rsmuk.com

We plan and perform our internal audit work with a view to reviewing and evaluating the risk management, control and governance arrangements that the organisation has in place, focusing in particular on how these arrangements help you to achieve its objectives.

An overview of our client care standards are included at Appendix D.

#### Role and definition of internal auditing

"Internal Audit is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by introducing a systematic, disciplined approach in order to evaluate and improve the effectiveness of risk management, control, and governance processes".

#### Definition of Internal Auditing, Institute of Internal Auditors

Internal audit is a key part of the assurance cycle for your organisation and, if used appropriately, can assist in informing and updating the risk profile of the organisation.

#### Independence and ethics

To provide for the independence of Internal Audit, its personnel report directly to Karen Williams (acting as your head of internal audit). The independence of RSM is assured by the internal audit service reporting to the Director of Finance, through the Corporate Risk and Governance Manager

The head of internal audit has unrestricted access to the Chair of Audit, Crime & Disorder and Scrutiny Committee to whom all significant concerns relating to the adequacy and effectiveness of risk management activities, internal control and governance are reported.

Conflicts of interest may arise where RSM provides services other than internal audit to Epsom and Ewell Borough Council. Steps will be taken to avoid or manage transparently and openly such conflicts of interest so that there is no real or perceived threat or impairment to independence in providing the internal audit service. If a potential conflict arises through the provision of other services, disclosure will be reported to the Audit, Crime & Disorder and Scrutiny Committee. The nature of the disclosure will depend upon the potential impairment and it is important that our role does not appear to be compromised in reporting the matter to the Audit, Crime & Disorder and Scrutiny Committee. Equally we do not want the organisation to be deprived of wider RSM expertise and will therefore raise awareness without compromising our independence.

### Responsibilities

In providing your outsourced internal audit service, RSM has a responsibility to:

- Develop a flexible and risk based internal audit strategy with more detailed annual audit plans. The plan will be submitted to the Audit, Crime & Disorder and Scrutiny Committee for review and approval each year before work commences on delivery of that plan.
- Implement the audit plan as approved, including any additional tasks requested by management and the Audit, Crime & Disorder and Scrutiny Committee.
- Ensure the internal audit team consists of professional audit staff with sufficient knowledge, skills, and experience.
- Establish a Quality Assurance and Improvement Program to ensure the quality and effective operation of internal audit activities.
- Perform advisory activities where appropriate, beyond internal audit's assurance services, to assist management in meeting its objectives. Examples may include facilitation, process design and training.
- Bring a systematic disciplined approach to evaluate and report on the effectiveness of risk management, internal control and governance processes.
- Highlight control weaknesses and required associated improvements together with corrective action recommended to management based on an acceptable and practicable timeframe.
- Undertake follow up reviews to ensure management has implemented agreed internal control improvements within specified and agreed timeframes.
- Provide a list of significant measurement goals and results to the Audit, Crime & Disorder and Scrutiny Committee to demonstrate the performance of the internal audit service.
- Liaise with the external auditor for the purpose of providing optimal audit coverage to the organisation.

#### **Authority**

The internal audit team is authorised to:

- Have unrestricted access to all functions, records, property and personnel which it considers necessary to fulfil its function.
- Have full and free access to the Audit, Crime & Disorder and Scrutiny Committee.
- Allocate resources, set timeframes, define review areas, develop scopes of work and apply techniques to accomplish the overall internal audit objectives.
- Obtain the required assistance from personnel within the organisation where audits will be performed, including other specialised services from within or outside the organisation.

The head of internal audit and internal audit staff are not authorised to:

- Perform any operational duties associated with the organisation.
- Initiate or approve accounting transactions on behalf of the organisation.

• Direct the activities of any employee not employed by RSM unless specifically seconded to internal audit.

## Key performance indicators (KPIs)

In delivering our services we require full cooperation from key stakeholders and relevant business areas to ensure a smooth delivery of the plan. We proposed the following KPIs for monitoring the delivery of the internal audit service:

Delivery	Quality
Draft reports issued within 10 working days of debrief meeting.	Conformance with the Public Sector Internal Audit Standards.
Management responses received from client management within 10 working days of draft report.	Liaison with external audit to allow, where appropriate and required, the external auditor to place reliance on the work of internal audit.
Final report issued within 3 days from receipt of management responses.	Response time for all general enquiries for assistance is completed within 2 working days.
Completion of internal audit plan by the end of the financial year.	Response to emergencies such as concerns of potential fraud with 1 working day.

## Reporting

An assignment report will be issued following each internal audit assignment. The report will be issued in draft for comment by management, and then issued as a final report to management, with the executive summary being provided to the Audit, Crime & Disorder and Scrutiny Committee. The final report will contain an action plan agreed with management to address any weaknesses identified by internal audit.

The internal audit service will issue progress reports to the Audit, Crime & Disorder and Scrutiny Committee and management summarising outcomes of audit activities, including follow up reviews.

As your internal audit provider, the assignment opinions that RSM provides the organisation during the year are part of the framework of assurances that assist the board in taking decisions and managing its risks.

As the provider of the internal audit service we are required to provide an annual opinion on the adequacy and effectiveness of the organisation's governance, risk management and control arrangements. In giving our opinion it should be noted that assurance can never be absolute. The most that the internal audit service can provide to the board is a reasonable assurance that there are no major weaknesses in risk management, governance and control processes. The annual opinion will be provided to the organisation by RSM Risk Assurance Services LLP at the financial year end. The results of internal audit reviews, and the annual opinion, should be used by management and the Board to inform the organisation's annual governance statement.

## **Data protection**

Internal audit files need to include sufficient, reliable, relevant and useful evidence in order to support our findings and conclusions. Personal data is not shared with unauthorised persons unless there is a valid and lawful requirement to do so. We are authorised as providers of internal audit services to our clients (through the firm's Terms of Business and our engagement letter) to have access to all necessary documentation from our clients needed to carry out our duties.

Personal data is not shared outside of RSM. The only exception would be where there is information on an internal audit file that external auditors have access to as part of their review of internal audit work or where the firm has a legal or ethical obligation to do so (such as providing information to support a fraud investigation based on internal audit findings).

RSM has a Data Protection Policy in place that requires compliance by all of our employees. Non-compliance will be treated as gross misconduct.

#### Fraud

The Audit, Crime & Disorder and Scrutiny Committee recognises that management is responsible for controls to reasonably prevent and detect fraud. Furthermore, the Audit, Crime & Disorder and Scrutiny Committee recognises that internal audit is not responsible for identifying fraud; however internal audit will assess the risk of fraud and be aware of the risk of fraud when planning and undertaking any internal audit work.

#### Approval of the internal audit charter

By approving this document, the internal audit strategy, the Audit, Crime & Disorder and Scrutiny Committee is also approving the internal audit charter.

## APPENDIX D: OUR CLIENT CARE STANDARDS
