Thank you for your email. My main concern is increased traffic in an already busy road with 2 schools in very close proximity. Alcohol is already sold in Costcutter which is next door so do not understand why they would request additional hours or, are they going to open at 9 for people to start drinking? cannot see any other reason why they would want to open.

Historically this pub has attracted a certain type of clientele with fights, arguments etc, a few years ago an air ambulance was called because of disturbance at the pub.

This is a residential road with 2 infant/junior schools at either end of the road so to have the pub open from 9am does not seem conducive to the area. There is little or no parking at the pub so, as previously stated, any increase in traffic, especially because of the schools, is not welcomed.

Thank you
Linda Cackett

> As your representation may be relevant, we will hold a hearing so members can decide for themselves what weight to attach to it. However, if having considered the variation to morning hours you more clearly wanted to identify your concerns with respect to the licensing objectives, and provide any evidence to support your representation, you may provide further information up until 24 November 2023. Alternatively, if you no longer consider a hearing necessary, please let me know so at your earliest convenience.

> I strongly oppose the increase in opening hours to The Blenheim in Manor Green Road. My house is at the other end of the shops. I am registered disabled and am fed up with the clientele of the pub making loud noises, leaving their vehicles outside or across my drive which makes it extremely difficult for me to get out. Glasses and beer cans chucked in my front garden. I have lived in Manor Green Road for 30 years and, in that time, I have lost count of how many times the pub has changed hands. There is little parking at the pub so vehicles are left, on an already congested road, with 2 wheels on the pavement, leaving mothers with prams and disabled people unable to pass, forcing them to go into the road.
