## **Certificate of the Chief Finance Officer**

I certify that the audited Statement of Accounts, set out on the following pages 4 to 82, presents a true and fair view of the financial position of the Council at 31 March 2018 and of its income and expenditure for the year ended 31 March 2018.

Lee Duffy (CPFA)

Chief Finance Officer (S151 Officer)

# Narrative Report

## 1. Introduction

Welcome to Epsom and Ewell Borough Council's Statement of Accounts for 2017/18, which reports the Council's financial performance during the year.

Epsom and Ewell Borough Council (EEBC) sits within Surrey and provides a wide range of services to residents and businesses, which include waste & recycling, planning, parking, environmental health, housing and economic development. The Council's full range of services are delivered by three Committees – Environment, Community & Wellbeing, and Strategy & Resources – and can be accessed online at [www.epsom-ewell.gov.uk](http://www.epsom-ewell.gov.uk).

EEBC has a Corporate Plan which identifies four key priorities: to keep the locality clean and green; to support our community; to manage our resources effectively; and to support businesses and our local economy.

The Council's governance arrangements are set-out in the Annual Governance Statement, which is appended to the Statement of Accounts. The Council's key performance indicators are reported to Audit, Crime and Scrutiny Committee and are publicly available through the Council website.

The Council's financial health has been maintained over 2017/18 and this capacity will be needed to provide a firm financial foundation for the Council to deliver services in a very challenging financial climate in the public sector for the medium term, with economic risks and continuing uncertainty around Local Government funding including potential Business Rate reforms.

In September 2017, the Council established a 100%-owned subsidiary company, Epsom & Ewell Property Investment Company Limited, principally to invest in high quality, out-of-Borough commercial property. The company aims to achieve rental yields from commercial property, which will deliver a long term income stream to the Council. This income stream will assist the Council in becoming more financially self-sufficient (independent from government grants) and sustaining high-quality services to local residents and businesses.

## 2. Financial Performance

The Council's financial performance is summarised by the table below, as reported to Members in May 2018:

2016/17	Committee	2017/18		
Actual £'000		Budget £'000	Actual £'000	Variance £'000
1,811	Strategy and Resources Committee	630	305	( 325)
2,542	Environment Committee	3,023	3,566	543
6,592	Community & Wellbeing Committee	7,237	7,005	( 232)
<b>10,945</b>	<b>TOTAL</b>	<b>10,891</b>	<b>10,876</b>	<b>( 14)</b>
( 3,381)	Asset Rent / Capital Charges Account	( 3,246)	( 3,246)	0
( 7,727)	External Funding	( 7,645)	( 7,645)	0
( 163)	Contribution to General Fund Reserves	0	( 14)	( 14)
<b>0</b>	<b>TOTAL</b>	<b>0</b>	<b>0</b>	<b>0</b>

For 2017/18 the Council achieved an overall underspend of £14k on its revenue account budget, which has been added to the General Fund balance at year-end.

The Council has performed well to achieve an outturn close to the overall budget, particularly in the current challenging financial environment with continued funding cuts from central government. During 2017/18, the financial challenges included a further £83k reduction in central government grant support (following a £496k reduction in 2016/17); service delivery savings required of £664k; and an increase of £200k in budgeted income from fees and charges.

The Council achieved a collection rate of 99% for both council tax and business rates, above the national averages of 97% and 98% respective. Outstanding council tax arrears remain subject to recovery action until such times as these sums are fully paid or written off.

### 3. Reserves

The Council's General Fund balance stands at £3.348m at 31 March 2018 (£3.334m at 31 March 2017). In-year net contributions to strategic earmarked reserves totalled £3.498m and are included in Committee actuals in the table above (contribution to reserves of £3.375m in 2016/17). Reserve balances are summarised by the following table; a full breakdown is shown in the notes to the Statement of Accounts.

Usable Reserves	2017/18 Opening Balance £'000	2017/18 Movement £'000	2017/18 Closing Balance £'000
General Fund Balance	( 3,334)	( 14)	( 3,348)
Strategic Earmarked Reserves	( 9,353)	( 3,498)	( 12,851)
<b>Sub-Total Revenue Reserves</b>	<b>( 12,687)</b>	<b>( 3,512)</b>	<b>( 16,199)</b>
Community Infrastructure Levy	( 3,835)	( 1,201)	( 5,036)
Capital Receipts Reserve	( 4,893)	4	( 4,889)
<b>Total Usable Reserves</b>	<b>( 21,414)</b>	<b>( 4,709)</b>	<b>( 26,123)</b>

The Council has a policy of maintaining a minimum, prudent General Fund balance of £2.5m to provide for unforeseen requirements.

### 4. Capital Expenditure

Capital investment on the Council's core capital programme amounted to £1.25m in 2017/18 (£2.61m in 2016/17). A summary of expenditure by Committee is shown below:

2016/17	Core Capital Programme Expenditure	2017/18		
Actual £'000		Current Budget £'000	Actual £'000	Variance £'000
1,026	Strategy and Resources	610	175	( 435)
203	Environment Committee	783	273	( 510)
1,379	Community and Wellbeing Committee	2,424	801	( 1,623)
<b>2,608</b>	<b>Total</b>	<b>3,817</b>	<b>1,249</b>	<b>( 2,568)</b>

In addition to the core capital programme, the Council undertook external borrowing to fund the acquisition of three commercial investment properties in 2017/18; one was purchased in the Borough for £5.1m; two were purchased out-of-Borough through the Council's subsidiary company for a combined £60.3m.

The Council also purchased two residential properties for a combined £0.56m, to be used as temporary accommodation.

The capital expenditure has been funded as shown in the following table:

2016/17 £'000		2017/18 £'000
	<u>Expenditure</u>	
2,608	Core Programme	1,249
19,134	Property Acquisition Fund	66,003
<b>21,742</b>	<b>Total Expenditure</b>	<b>67,252</b>
	<u>Funding</u>	
812	Capital Reserves	344
457	Government Grants	396
197	Revenue	626
0	Grants from Other Local Authorities	47
0	Contributions from Other Bodies	3
1,142	Section 106 Receipts	229
0	Community Infrastructure Levy Receipts	5
19,134	Long Term Borrowing	45,293
0	Internal Borrowing	20,148
0	Prior year funding	161
<b>21,742</b>	<b>Total Capital Funding</b>	<b>67,252</b>

The Council's capital investment is required to maintain existing levels of service provision, and to generate additional income streams for the Council which can be used to fund the delivery of services.

The Council generated £340,000 of net capital receipts during the year, and applied £344,000 to fund in-year capital expenditure. The balance of the Council's usable capital reserves at 31 March 2018 is £4,889,000 (compared to £4,893,000 at 31 March 2017).

## 5. Pension Liability

For accounting purposes, a valuation of the pension fund is carried out under IAS19 to produce an accounting surplus or deficit at the balance sheet date. The balance of the Council's pension liability increased from £33.3m to £34.0m at 31 March 2018, an adverse movement of £0.7m. The Council's actuary estimated that at 31 March 2018, future liabilities amount to £101m (£100m at 31 March 2017) with assets of £67m (£67m at 31 March 2017).

The financial assumptions used by the actuary to calculate the future liability – such as those for inflation and discount rates – are set-out in the pension liability disclosure note.

Although the IAS19 pension liability has a significant impact on the Council's Balance Sheet, the valuation methodology is affected by short-term economic market conditions and is not used to determine the impact on council tax of the cost of paying pensions. There are separate statutory arrangements for meeting the liability. The deficit will be addressed by increased contributions to the scheme over the remaining working lives of the staff.

## **6. Investments and Borrowings**

The annual treasury management strategy, which was approved by Councillors in February 2018, is available on the Council's website.

At 31 March 2018, the Council held £24.1m long-term investments and £36.2m loans to its wholly owned subsidiary company. The Council held no short term deposits (£12.5m short term deposits at 31 March 2017). During 2017/18, the Council generated £0.95m of interest income (£0.35m in 2016/17) and £0.42m dividend income (nil in 2016/17).

The Council has undertaken external borrowing specifically to invest in commercial properties, to generate long term income streams. Long-term borrowing at 31 March 2018 increased to £64.4m, from £19.1m the prior year. The Council paid £0.98m in interest on these borrowings during 2017/18 (£0.10m in 2016/17).

## **7. Epsom & Ewell Property Investment Company Limited**

In September 2017, the Council established a 100%-owned subsidiary, Epsom & Ewell Property Investment Company Limited, principally to invest in out-of-Borough, high quality, commercial property. The company aims to achieve rental yields from commercial property, delivering a long term income stream to the Council. This income stream will assist the Council in becoming more financially self-sufficient (independent from government grants) and sustaining high-quality services to local residents and businesses. During 2017/18, the company purchased two commercial properties, with a combined value of £60.3m.

The assets, liabilities, reserves and income and expenditure figures for the company have been consolidated into group accounts on page 74.

## **8. Economic Outlook**

Brexit will continue to create uncertainty this year and beyond. The financial impacts are not currently quantified and could be positive or negative in relation to; interest rates for both capital borrowing and investments; general inflation rates; labour costs and mobility; property values and rents.

Central Government funding continues to fall and since 2017/18 the Council has received zero Revenue Support Grant to support its General Fund budget requirement. New Homes Bonus has also been further reduced, which will impact upon budgets in future financial years. Demographic growth and an increasing ageing population will continue to present challenges for this Council and County in years to come.

Income received by the Council from fees and charges – such as car park income, Council venues, building control and planning fees – is dependent on the disposable income of individuals and the wider private sector, which itself is linked to the performance of the wider economy. The Council monitors its income streams closely to ensure that any adverse trends are identified early.

In 2018/19, the Council will pilot the 100% Business Rates Retention Scheme, as part of a wider pool of Surrey County and District Councils. The Council continues to monitor possible future reforms to local government finance based around 100% business rates retention.

## **9. Statement of Accounts**

The Statement of Accounts follow this narrative section and comprise four core statements:

- Comprehensive Income and Expenditure Statement (CIES)
- Movements in Reserve Statement (MIRS)
- Balance Sheet (BS)
- Cash Flow Statement (CFS)

The Statements also include:

- Notes to the Financial Statements
- Accounting Policies
- Collection Fund Accounts
- Group Accounts
- Statement of Responsibilities

## **10. Further Information**

Additional information about the accounts is available from Lee Duffy (Chief Finance Officer), at Epsom and Ewell Borough Council, Town Hall, The Parade, Epsom, Surrey KT18 5BY. Telephone:- 01372-732210 email:- [lduffy@epsom-ewell.gov.uk](mailto:lduffy@epsom-ewell.gov.uk)

## Comprehensive Income and Expenditure Statement for year ended 31 March 2018

The Comprehensive Income and Expenditure Statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with statutory requirements; this may be different from the accounting cost. The taxation position is shown in both the Expenditure and Funding Analysis and the Movement in Reserves Statement.

2016/17			Committee	2017/18		
Net Expenditure	Gross Income	Gross Expenditure		Gross Expenditure	Gross Income	Net Expenditure

## Movement in Reserves Statement for the year ended 31 March 2018

This statement shows the movement on the different reserves held by the Council, analysed into 'usable reserves' (those that can be applied to fund expenditure or reduce local taxation) and 'unusable reserves'. The statement shows how the movements of the Council's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to amounts chargeable to council tax for the year.

	Usable Reserves				Unusable Reserves					Total Reserves
	General Fund Balance	Capital Receipts Reserve	Capital Grants Unapplied	Subtotal Usable Reserves	Revaluation Reserves	Capital Adjustment Account	Collection Fund Adjustment Account	Pension Reserve	Subtotal Unusable Reserves	
2017/18	£'000	£'000	£'000	£'000	£'000	£'000	£'000	£'000	£'000	£'000

\*2016/17 comparatives have been re-stated to present Community Infrastructure Levy (CIL) balances as Capital Grants Unapplied, separately from General Fund balances, in accordance with the Code of Practice.

## Balance Sheet as at 31 March 2018

The Balance Sheet shows the value of the assets and liabilities recognised by the Council. The Council's net assets (assets less liabilities) are matched by its reserves. Reserves are reported in two categories. The first category of reserves are usable reserves, which the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Council is not able to use to provide services. This category includes reserves that hold unrealised gains and losses (e.g. the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments Between Accounting Basis and Funding Basis Under Regulations'.

2016/17 £'000		Note	2017/18 £'000

These financial statements replace the unaudited financial statements certified by the Chief Finance Officer on 31 May 2018.

## Cash Flow Statement as at 31 March 2018

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.

# Notes to the Core Statement of Accounts

## Note 1: Statement of Accounting Policies

### 1. General Principles

The Statement of Accounts summarises the Council's transactions for the 2017/18 financial year and its position at the year-end of 31 March 2018. The Council is required to prepare an annual Statement of Accounts by the Accounts and Audit Regulations 2015, in accordance with proper accounting practices.

These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2017/18, supported by International Financial Reporting Standards (IFRS) and statutory guidance issued under section 12 of the Local Government Act 2003. The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments. The accounts have been prepared on a going concern basis. This assumes that the Council, its functions and services will continue in operational existence for the foreseeable future.

### 2. Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Revenue from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue (incl NNDR, Council Tax and Grants) and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.
- Employee leave/overtime carried forward from previous year is not accrued unless material.

### 3. Employee Benefits

**Benefits Payable During Employment:** Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. car loans) for current employees and are recognised as an expense for services in the year in which employees render service to the Council.

**Termination Benefits:** Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the Non Distributed Costs line in the Comprehensive Income and Expenditure Statement when the Council is demonstrably committed to the termination of the employment of an officer or group of officers or making an offer to encourage voluntary redundancy.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

**Post-Employment Benefits:** Employees of the Council are members of the Local Government Pensions Scheme, administered by Surrey Pension Fund. The scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees work for the Council.

#### The Local Government Pension Scheme

The Local Government Scheme is accounted for as a defined benefits scheme:

- The liabilities of the pension fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projected earnings for current employees.
- Liabilities are discounted to their value at current prices, using a discount rate of 2.6% (based on the indicative rate of return on high quality corporate bonds as measured by the yield on the iBoxx AA Corporate Bond Index).
- The assets of Surrey Pension fund attributable to the Council are included in the Balance Sheet at their fair value:
  - Quoted securities - current bid price;
  - Unquoted securities - professional estimate;
  - Unitised securities - current bid price; and
  - Property - market value.

The change in the net pensions liability is analysed into the following components:

1. Current service cost: the increase in liabilities as a result of years of service earned this year is allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked.
2. Past Service Cost: the increase in liabilities as a result of a scheme amendment or curtailment whose effect relates to years of service earned in earlier years is debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement.
3. Net interest on the net defined benefit liability: the change during the period in the net defined benefit liability that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period – taking into account any changes in the net defined benefit liability during the period as a result of contribution and benefit payments
4. Remeasurement on the return of plan assets: the annual investment return on the fund assets attributable to the Council, based on an average of the expected long-term return is credited to the Pension Reserve as Other Comprehensive Income and Expenditure.
5. Actuarial gains and losses: changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation, or because the actuaries have updated their assumptions, are charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
6. Contributions Paid to the Pension Fund: cash paid as employer's contributions to the pension fund in settlement of liabilities is not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

**Discretionary Benefits:** The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

#### 4. Events after the Balance Sheet Date

Amounts are adjusted in the Statement of Accounts if an event arises after the Balance Sheet date which provides additional evidence of conditions that existed at that date and materially affects the amounts to be included. If an event arises after the Balance Sheet date which concerns conditions which did not exist at that date, it is disclosed in the notes if it is considered material. The Statement of Accounts will be authorised by the Chief Finance Officer in July 2018, events will be considered up to the authorisation date.

## 5. Financial Instruments

**Financial Liabilities:** Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument; they are initially measured at fair value and are carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For the Council's borrowings, this means that the amount presented in the Balance Sheet is the outstanding principal repayable and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

**Financial Assets:** Financial assets are classified into two types:

1. Loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market
2. Available-for-sale assets – assets that have a quoted market price and/or do not have fixed or determinable payments. The Council has no available-for-sale assets (2016/17 none)

**Loans and Receivables:** loans and receivables are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the loans that the Council has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service (for receivables specific to that service) or the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Any gains and losses that arise on the de-recognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

## 6. Intangible Assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Council as a result of past events (e.g. software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council.

Internally generated assets are capitalised where it is demonstrable that the project is technically feasible and is intended to be completed (with adequate resources being available) and the Council will be able to generate future economic benefits or deliver service potential by being able to sell or use the asset. Expenditure is capitalised where it can be measured reliably as attributable to the asset and is restricted to that incurred during the development phase (research expenditure cannot be capitalised).

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Council can be determined by reference to an active market. In practice, no intangible asset held by the Council meets this criterion, and they are therefore carried at amortised cost. The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired. Any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and the Capital Receipts Reserve.

## 7. Interest in Subsidiary Company

The Council has a material interest in its wholly owned subsidiary company, Epsom & Ewell Property Investment Company Limited. Group accounts, which present the combined financial position of the Council and the subsidiary, are disclosed on page 74. In the Council's own single-entity accounts, the interest is recorded in the balance sheet as a long term investment at cost.

## 8. Investment Property

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on the highest and best use value of the asset from the market participant's perspective. Investment properties are not depreciated and an annual valuation programme ensures that they are held at highest and best use value at the Balance Sheet date. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and the Capital Receipts Reserve.

## 9. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases. Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification. Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

### The Authority as Lessee

**Finance Leases:** Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Council are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Council at the end of the lease period). The Council is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

**Operating Leases:** Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

### The Authority as Lessor

**Operating Leases:** Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are

made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

## 10. Overheads and Support Services

The costs of overheads and support services hosted within Strategy and Resources Committee are re-charged to other service segments in accordance with the Council's arrangements for accountability and financial performance. The Strategy and Resources segment does not report such overhead recharges as income, but as a reduction of gross expenditure.

## 11. Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

**Recognition:** Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred.

The Council operates a de-minimis level of £20,000 below which the total costs of a capital scheme or rolling programme of schemes will not be charged to capital on the grounds of materiality.

**Measurement:** Assets are initially measured at cost, comprising:

- The purchase price, including any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating as intended by management; and
- The costs of dismantling and removing the item and restoring the site on which it is located.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Council). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Assets are then carried in the Balance Sheet using the following measurement bases:

- Land and operational properties are valued at current value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV). Where this cannot be assessed because there is no open market for the asset because of the specialist nature of an asset, the depreciated replacement cost (DRC) is used as an estimate of fair value. The exception are new buildings included at the cost of construction and re-valued at the end of the year in which they become fully operational
- Infrastructure and community assets are not revalued but included in the balance sheet at historic cost

- Vehicle, plant and equipment, where not integral to the fabric of the building, are shown separately at depreciated historic cost.
- Assets under construction are valued on the basis of those costs incurred up to 31 March and are held as non-operational assets until the asset becomes available for use. At that point it is transferred to the appropriate asset class on the Balance Sheet depending on its use or nature.
- Non-operational assets (investment properties) are valued on open market value.

Where non-property assets have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for fair value.

Assets included in the Balance Sheet at current value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their current value at the year-end, but as a minimum every five years. Investment properties are re-valued annually. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of a loss previously charged to a service.

Where decreases in value are identified, they are accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- Where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

**Impairment:** Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall. Where impairment losses are identified, they are accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- Where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

**Depreciation:** Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and community assets) and assets that are not yet available for use (i.e. assets under construction). Depreciation is calculated on the following bases:

- Dwellings and other buildings – straight-line allocation over the useful life of the property as estimated by the valuer
- Vehicles, plant and equipment – straight-line allocation over the useful life of the asset

Where an item of property, plant and equipment has major components whose cost is significant in relation to the total cost of the item and with different estimated useful lives, the components are depreciated separately (Componentisation).

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

**Disposals and Non-current Assets Held for Sale:** When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale. If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as held for sale, adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale. When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal are categorised as capital receipts. A proportion of receipts relating to housing disposals (75% for dwellings, 50% for land and other assets, net of statutory deductions and allowances) is payable to the Government. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment.

Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement. The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

## 12. Charges to Revenue for Non-Current Assets

### Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service
- Amortisation of intangible non-current assets attributable to the service.
- Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off.

The Council is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisation. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement, equal to an amount calculated on a prudent basis determined by the council in accordance with statutory guidance (England and Wales). Depreciation, revaluation and impairment losses and amortisation are therefore replaced by the contribution in the General Fund Balance (MRP or loans fund principal), by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

## 13. Heritage Assets

The Council is required to separately identify Heritage Assets on its Balance Sheet. Heritage Assets can be tangible or intangible and are defined as assets with historical, cultural, artistic, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture

**Recognition:** The Council will recognise all Heritage Assets on the Balance Sheet where the cost of obtaining a valuation is commensurate to the benefit of the users of the accounts. The de-minimis levels applied to all Non-Current Assets will be applied to this asset class.

Where a Heritage Asset is operational this will be treated as Property, Plant and Equipment (PPE) rather than as a Heritage Asset.

**Measurement:** Heritage Assets will be valued in line with the existing policies for Property, Plant and Equipment. Where Heritage Assets do not fall into this category they will be valued in line with the Council's insurance valuation. The carrying amounts of Heritage Assets will also be reviewed where there is evidence of impairment e.g. where an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised in accordance with the Authority's policies on impairment. Heritage Assets with an indefinite life will not be subject to annual depreciation.

## 14. Provisions and Contingent Liabilities

**Provisions:** Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Council may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service. Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

**Contingent Liabilities:** See notes to the accounts.

## 15. Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure. Certain reserves are kept to manage the accounting processes for non-current assets, local taxation and employee retirement benefits and do not represent usable resources for the Council. These reserves are explained in the relevant policies.

## 16. VAT

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

## 17. Collection Fund

The Council is required by statute to maintain a separate fund for the collection and distribution of amounts due in respect council tax and non-domestic rates (NDR). The funds' key features relevant to accounting for council tax in the core Statement of Accounts are:

- In its capacity as a billing authority an authority acts as an agent. The Council collects and distributes council tax income on behalf of the major preceptors (Surrey County Council and Surrey Police) and itself. Also, the Council collects and distributes NDR on behalf of the major preceptors (Surrey County Council, itself and central government).
- While the council tax and NDR income for the year credited to the Comprehensive Income and Expenditure Statement and Collection Fund is the accrued income for the year, regulations determine when it should be released from the Collection Fund and transferred to the General Fund of the Council. The amount credited to the General Fund under statute is an authority's precept or demand for the year plus the Council's share of any surplus or deficit on the Collection Fund for the previous year. This amount may be more or less than the accrued income for the year in accordance with code, although in practice the difference would usually be small.

The difference between the income included in the Comprehensive Income and Expenditure Statement and the amount required by regulation to be credited to the General Fund is taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement.

The Balance Sheet includes the Council's share of the end of year balances in respect of council tax and NDR relating to arrears, impairment allowances for doubtful debts, overpayments and prepayments and appeals.

## **18. Government Grants and Contributions**

Whether paid on account, by instalments or in arrears, Government Grants, third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- The Council will comply with the conditions attached to the payments, and
- The grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and expenditure Statement until conditions attached to the grant or contribution have been satisfied.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors / receipts in advance. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-Specific Grant Income (non-ringfenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied reserve are transferred to the Capital Adjustment Account once applied.

Grants that can't be directly allocated to a service are credited to Taxation and Non-Specific Grants.

## Community Infrastructure Levy

The Council has elected to charge a Community Infrastructure Levy (CIL) on chargeable developments within the borough. The council charges for and collects the levy, which is a planning charge. The income from the levy will be used to fund a number of infrastructure projects to support the development of the area. CIL is received without outstanding conditions; it is therefore recognised at the commencement date of the chargeable development in the Comprehensive Income and Expenditure Statement in accordance with the accounting policy for government grants and contributions set out above. CIL charges will be largely used to fund capital expenditure. However, a proportion of the charges may be used to fund revenue expenditure.

## **19. Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors**

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

## **20. Fair Value Measurement**

The Council measures some of its assets and liabilities at fair value at the end of the reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The Council uses external valuers to provide a valuation of its assets and liabilities in line with the highest and best use definition within the accounting standard. The highest and best use of the asset or liability being valued is considered from the perspective of a market participant.

Inputs to the valuation techniques in respect of the Council's fair value measurement of its assets and liabilities are categorised within the fair value hierarchy as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date.
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

- Level 3 – unobservable inputs for the asset or liability.

## **Note 2: Accounting Standards that have been issued but have not yet been adopted**

There are no accounting standards due to come into force in 2018/19 that would have a material effect on the Council's transactions for 2017/18 and balances at 31 March 2018.

## **Note 3: Critical Judgements in Applying Accounting Policies**

In applying the accounting policies set out, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

There is a high degree of uncertainty about future levels of funding for local government. However the Council has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision.

In producing the financial statements the Council makes an assessment of the materiality of transactions and balances when applying its accounting policies. The Council has a de-minimis level of £20,000 when recognising assets and liabilities to be disclosed within the financial statements. Exception to this rule is employee untaken leave has not been accrued due to the amount being immaterial to the accounts and the year on year difference not being material.

When classifying assets the Council has interpreted the Code of Practice relating to transfers out of and in to Investment Properties. As a result the Clocktower has remained an Investment Property instead of transfer into a Heritage asset.

Property, Plant and Equipment assets are re-valued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end; as a minimum, revaluations occur at least once every five years. In addition the Council instructs its valuers to undertake a review of assets held in the other land and buildings category not re-valued in the year, to ensure that the carrying value is not materially different from their current value. The review concluded that there had been no material movement in current values.

The Council has a material interest in its wholly owned subsidiary company, Epsom & Ewell Property Investment Company Limited. Group accounts, which present the combined financial position of the Council and the subsidiary, are included on page 74. In the Council's own single-entity accounts, the Council's shareholding in the company is recorded in the balance sheet as a long term investment at cost.

## **Note 4: Assumptions made about the future and other major sources of estimation uncertainty**

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances

cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2018 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
<b>Property, Plant and Equipment</b> <b>£75.1 million</b>	Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets and valuation assumptions, including estimates of remaining useful life. The current economic climate makes it uncertain that the Council will be able to sustain its current spending on repairs and maintenance, bringing into doubt the useful lives assigned to assets.	If the useful life of assets is reduced, depreciation increases and the carrying amount of the assets falls.
		The depreciation charge for PPE in 2017/18 was £3.1m. A movement of 1% would result in a change in the depreciation charge of approximately £31k.
<b>Pension Liability</b> <b>£34.04 million</b>	Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets.	The assumptions interact in complex ways – the pension disclosure note contains a sensitivity analysis of the impact of changes to individual assumptions.
<b>NNDR Appeals</b> <b>£2.28 million</b>	Appeals notified by the Valuation Office Agency still include a large number of appeals lodged when the government changed the appeal rules. The VOA does not provide sufficient information, all possible appeals are included for NNDR collection fund purposes. A new list came into effect on 1 April 2017 and further estimates have been made to include an appeals provision pertaining to the new list.	Currently all appeals have been included in calculating this provision however, if some of these are unsuccessful the current provision would need to be adjusted. In this case any surplus would feed through the collection fund calculation in future years.
<b>General Bad Debt Provision</b> <b>£0.29 million</b>	The current economic climate makes it uncertain that all the monies will be collected and an adequate allowance needs to be made for this in the measurement of these debtors. Council impair the debt wherever using a methodology and regularly write off the irrecoverable debts after all reasonable steps have been taken.	Council debt does not fluctuate heavily, however, officers have increased time to chase debtors to reduce the debts. We assess the bad debts annually and will if necessary increase the impairments and write off to CIES. For example, a 1% increase in the provision would result in an increase of £2,900.

## Note 5: Material Items of Income and Expenditure

There are no material items of income and expenditure that are not detailed in the notes below.

## Note 6: Events after the Balance Sheet Date

In May 2018, the Council disposed of its interest in the Ebbisham Centre, generating a capital receipt of £150k. At 31 March 2018, the asset was recorded in the balance sheet as an Asset Held for Sale, valued at £150k. The disposal represents a non-adjusting post balance sheet event.

## Note 7: Expenditure and Funding Analysis

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources (government grants, rents, council tax and business rates) by local authorities in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the council's directorates/services/departments. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

2016/17				Committee	2017/18			
Net Expenditure Chargeable to General Fund	Adjustments between Funding and Accounting Basis	Adjustments between internal and statutory reporting	Net Expenditure in the CIES		Net Expenditure Chargeable to General Fund	Adjustments between Funding and Accounting Basis	Adjustments between internal and statutory reporting	Net Expenditure in the CIES

Closing General Fund balance at 31 March 2017	( 3,334)						

### Note 1. Adjustments for Capital Purposes

This column adds in depreciation and impairment and revaluation gains and losses in the services line, and for:

- **Other Operating expenditure** – adjusts for capital disposals with a transfer of income on disposal of assets and the amounts written off for those assets.
- **Financing and investment income and expenditure** – the statutory charges for capital financing i.e. Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- **Taxation and non-specific grant income and expenditure** – capital grants are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The Taxation and Non Specific Grant Income and Expenditure line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

## Note 2. Adjustments for Pension Benefits

Net change for the removal of pension contributions and the addition of IAS 19 *Employee Benefits* related expenditure and income:

- **For services** this represents the removal of the employer pension contributions made by the authority as allowed by statute and the replacement with current service costs and past service costs.
- **For Financing and investment income and expenditure** — the net interest on the defined benefit liability is charged to the CIES.

## Note 3. Other Differences

Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute:

- For **Financing and investment income and expenditure** the other differences column recognises adjustments to the General Fund for the timing differences for premiums and discounts.
- The charge under **Taxation and non-specific grant income and expenditure** represents the difference between what is chargeable under statutory regulations for council tax and NDR that was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code. This is a timing difference as any difference will be brought forward in future Surpluses or Deficits on the Collection Fund.

## Note 8: Expenditure and Income analysed by Nature.

The Council's expenditure and income is analysed as follows:

2016/17 £'000	Expenditure/Income	2017/18 £'000
	<b>Expenditure</b>	
12,041	Employee benefits expenses	13,794
25,644	Other services expenses	32,120
( 498)	Support Services recharges	( 444)
2,387	Depreciation, amortisation, impairment	5,961
1,073	Interest payments	1,965
525	Precepts and Levies	500
0	Losses on the disposal of assets	24
<b>41,170</b>	<b>Total expenditure</b>	<b>53,921</b>
	<b>Income</b>	
( 12,428)	Fees, charges and other service income	( 18,994)
( 884)	Interest and investment income	( 1,517)
( 6,674)	Income from Council tax, non-domestic rates, district rates, district rate income	( 7,289)
( 22,788)	Government grants and contributions	( 22,990)
( 1,324)	Movement in Investment Properties	( 617)
( 685)	Gain on the disposal of assets	0
<b>( 44,783)</b>	<b>Total Income</b>	<b>( 51,407)</b>
<b>( 3,613)</b>	<b>(Surplus) or Deficit on the Provision of Services</b>	<b>2,513</b>

## **Note 9: Adjustments between Accounting basis and Funding basis under regulations**

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to arrive at the resources that are specified by statutory provisions as being available to the authority to meet future capital and revenue expenditure. The 2016/17 comparatives have been re-stated to present Community Infrastructure Levy (CIL) balances as Capital Grants Unapplied, separately from the General Fund Balance. Previously, CIL had been included within the General Fund Balances.

The following sets out a description of the reserves that the adjustments are made against.

### **General Fund Balance**

The General Fund is the statutory fund into which all the receipts of an authority are required to be paid and out of which all liabilities of the authority are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year.

### **Capital Receipts Reserve**

The Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year-end.

### **Capital Grants Unapplied**

The Capital Grants Unapplied Account (Reserve) holds the grants and contributions received towards capital projects for which the Council has met the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and/or the financial year in which this can take place.

2017-18	Usable Reserves			Unusable Reserves
	General Fund Balance	Capital Receipts	Capital Grants Unapplied (CIL)	
	£000	£000	£000	
<b>Adjustments primarily involving the Capital Adjustment Account:</b>

0	Other Income from Subsidiary	( 564)
( 1,944)	<b>Total</b>	<b>( 2,710)</b>

## Note 13: Taxation and Non Specific Grant Income in CIES

The Council receives annual revenue grants and contributions that are non-ring fenced; no conditions on use are imposed:

2016/17 £'000		2017/18 £'000
( 5,912)	Council Tax Income	( 6,144)
( 1,231)	Non Domestic Rates	( 560)
( 417)	Revenue Support Grant (inc Transitional Grant)	( 176)
( 2,120)	New Homes Bonus Grant*	( 1,557)
( 85)	Business Rate Collection Grants	( 83)
( 219)	NNDR- Small Business Rate Relief Grant	( 290)
( 143)	Business Rates Section 31 Grant	( 414)
( 464)	Capital Grants and Contributions**	( 1,730)
( 1)	New Burden Grants	0
( 10,592)	<b>Total</b>	<b>( 10,954)</b>

\*New Homes Bonus received in year was £1.557m, however, only £500,000 was used to fund services in 17/18, with the remaining balance transferred to the Corporate Project Reserve. Further ring fenced grants are detailed in Note 14.

\*\*In 2016/17, income from CIL and S106 totalling £2.435m was credited to services in the CIES, rather than to capital grant income within 'Taxation & Non Specific Grant Income'. In accordance

with the Code of Practice, CIL and S106 capital grant income totalling £1.598m and has been included within 'Taxation and Non Specific Grant Income' for 2017/18.

#### Note 14: Other Government Grants Credited to Services

In addition to Taxation and Non Specific Grant Income in Note 13 the following significant grants, contributions and donations were credited to Cost of Service in the Comprehensive Income and Expenditure Account:

2016/17 Re-stated* £'000		2017/18 £'000
( 55)	Council Tax Support	( 55)
( 173)	Benefit Admin Grant	( 164)
( 20,402)	Rent Allowances- Housing Benefit and Rebate	( 19,755)
( 279)	Election	( 196)
( 219)	Personal Services	( 159)
( 184)	Highways and parking	( 146)
( 202)	Venues	( 210)
( 12)	Homelessness	( 108)
( 180)	Personalisation Prevention Partnership Funding	( 210)
( 213)	Other Smaller Grants	( 254)
( 21,919)	<b>Total</b>	<b>( 21,257)</b>

\*2016/17 figures have been re-stated to include £542k additional grants received from Surrey County Council.

#### Capital Grants and Contributions Receipts in advance

These are grants held that were received in advance or where the Council has not yet satisfied the condition attached to the grant but expects to meet the conditions in the future.

2016/17 £'000		2017/18 £'000
( 2,381)	Other grants and Section 106 Contributions	( 2,753)
( 2,381)	<b>Total</b>	<b>( 2,753)</b>

## **Note 15: Property, Plant and Equipment**

### **Property, Plant and Equipment Valuation**

The Borough Council's property portfolio was first valued as at 1 April 1994 with all properties subject to a rolling five year revaluation, with approximately one fifth of properties being revalued each year. In line with the Code of Practice the Council maintains a valuation programme that concentrates on categories of assets. Valuations are undertaken by Huggins, Edwards and Sharp, Chartered Surveyors. The properties that were revalued in 2017/18 account for £26.2 million of the gross book value of assets at 31 March 2018.

Infrastructure, community assets and assets under construction are held at historical cost and have not been formally re-valued.

Properties are also revalued to take into account any potential impairment in their value and also consequent upon construction and the completion of any material improvements. There were revaluation losses/impairments on four assets in 2017/18 (three assets impaired in 2016/17).

### **Depreciation**

Assets are depreciated in accordance with the requirements of IAS 16 and IAS 36. The following useful lives have been used in the calculation of depreciation:

- Other Land and Buildings – 15 to 68 years
- Vehicles, plant and equipment – 1 to 39 years

### Movements on Non Current Assets – Property, Plant & Equipment 2017/18

TANGIBLE NON CURRENT ASSETS	Other Land and Buildings £'000	Vehicle Plant and Equipment £'000	Infrastructure Assets £'000	Community Assets £'000	Assets Under Construction £'000	Totals £'000
Gross Book Carrying Value as at 1 April 2017	71,287	8,205	158	3,889	1,956	85,495
Additions	600	3,759	0	264	398	5,021
Revaluation Movement Recognised in the Revaluation Reserve	( 1,972)	286	0	0	0	( 1,686)
Revaluation movement recognised in the Surplus/Deficit on the Provision of Service	( 2,434)	0	0	0	0	( 2,434)
Derecognition - Disposals	0	( 1,314)	0	0	0	( 1,314)
Assets Reclassified	1,411	198	0	0	( 1,759)	( 150)
Gross Book Carrying Value at 31 March 2018	68,892	11,134	158	4,153	595	84,932
Accumulated Impairment & Depreciation as at 1 April 2017	( 5,429)	( 3,688)	0	( 942)	0	( 10,059)
Depreciation Charge for the Year	( 2,524)	( 602)	0	0	0	( 3,126)

TOTAL NET CARRYING BOOK VALUE at 1 April 2016	64,978	4,848	41	2,935	592	73,394

## Capital Expenditure

Capital expenditure of £67.252m was incurred in 2017/18 as follows:

2016/17 £'000		2017/18 £'000
2,041	Non Current Assets - PPE	1,387
19,213	Investment Assets	5,148
0	Investment in Subsidiary	60,293
24	Intangibles	0
464	Revenue Expenditure Funded from Capital Under Statute	424
<b>21,742</b>	<b>Total Capital Expenditure</b>	<b>67,252</b>

Funding of capital expenditure is detailed below:

2016/17 £'000		2017/18 £'000
812	Capital Reserves	344
457	Government Grants	396
197	Revenue	626
0	Grants from Other Local Authorities	47
0	Contributions from Other Bodies	3
1,142	Section 106 Receipts	229
0	Community Infrastructure Levy Receipts	5
19,134	Long Term Borrowing	45,293
0	Internal Borrowing	20,148
0	Prior year funding	161
<b>21,742</b>	<b>Total Capital Funding</b>	<b>67,252</b>

A net contribution of £626k (£197k contribution in 2016/17) was set aside from revenue to finance capital expenditure in 2017/18, of which £562k was from New Homes Bonus to fund two residential properties used as temporary accommodation.

## Capital Commitments

The estimated commitments for capital expenditure for schemes that had started, or legal contracts entered into by 31 March 2018 amounts to £1.176m as detailed below.

2016/17 £'000		2017/18 £'000
0	Epsom Common Path Restoration	83
0	Electronic Service Delivery	293
0	Rosebery Park Pond Refurbishment	25
0	Longrove Park BMX/Skate Park	79
29	Affordable Housing	40
24	Demolition of 1-3 Blenheim Road	0
0	Epsom Cemetery Extension	649
0	Other	7
<b>53</b>	<b>Total Capital Commitments</b>	<b>1,176</b>

## Disposals

Assets relating to Vehicles, Plant & Equipment with a net book value of £92k were disposed of in 2017/18 (£52k in 2016/17).

## Assets under Construction

Assets under Construction are valued on the basis of those costs incurred up to 31 March and are held as non-operational assets until the asset becomes available for use. At that point it is transferred to the appropriate asset class on the Balance Sheet depending on its use or nature.

There are six Assets under Construction held in the balance sheet for 2017/18 totalling £0.594m. (£1.956m in 2016/17).

## Assets Held for Sale

Assets Held For Sale are those properties which are expected to be sold within 12 months and are recorded at the lower of its carrying amount and fair value less costs to sell.

There are two Assets Held for Sale in the balance sheet for 2017/18 with a total value of £156,000. There were no Assets Held for Sale in 2016/17.

2016/17 £'000		2017/18 £'000
0	<b>Balance at the Start of the Year</b>	<b>0</b>
0	Assets reclassified from Investment Properties	6
0	Assets reclassified from Other Land & Buildings	150
<b>0</b>	<b>Balance at the Year End</b>	<b>156</b>

## Componentisation

When valuing the assets for the five-year rolling programme, the valuer considered component accounting requirements. The only significant components revalued in 2017/18 related to the Rainbow Leisure Centre.

## Revaluations

The Council ensures that all property, plant and equipment required to be measured at fair value are re-valued, under a rolling five year programme, by the Council's property valuer Huggins, Edwards and Sharp. All valuations are carried out in accordance with the methodologies and basis for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors.

The timing and amounts of the valuations of those classes of asset held at fair value are summarised in the following table:

Valued at fair value as at:	31 March 2016 £'000	31 March 2017 £'000	31 March 2018 £'000	Total Cost or Valuation £'000
<b>Operational Assets</b>				
Land and Buildings	6,344	30,192	26,192	<b>62,728</b>

Infrastructure, community assets and assets under construction are held at historical value and have not been formally re-valued.

## Note 16: Investment Properties

The following items of income and expenditure have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement:

2016/17 £'000		2017/18 £'000
( 1,631)	Rental Income from Investment Property	( 2,679)
229	Other Net Expenditure Arising from Investment Property	138
( 1,402)	<b>Net (Income)/Expenditure</b>	<b>( 2,541)</b>

There are no restrictions on the Authority's ability to realise the value inherent in its investment property or on the Authority's right to the remittance of income and the proceeds of disposal. The Authority has no contractual obligations to purchase, construct or develop investment property.

### Fair Value Hierarchy

All the Council's investment properties have been value assessed as Level 2 on the fair value hierarchy for valuation purposes (see Accounting Policies for an explanation of the fair value levels).

### Valuation Techniques Used to Determine Level 2 Fair Values for Investment Property

The fair value of investment property has been measured using a market approach, which takes into account quoted prices for similar assets in active markets, existing lease terms and rentals, research into market evidence including market rentals and yields, the covenant strength for existing tenants, and data and market knowledge gained in managing the Council's Investment Asset portfolio. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs are significant, leading to the properties being categorised as level 2 on the fair value hierarchy. There has been no change in the valuation techniques used during the year for investment properties.

In estimating the fair value of the Council's investment properties, the highest and best use is their current use.

### Valuation Process for Investment Properties

The Council's investment property has been valued as at 31 March 2018 by the Huggins, Edwards & Sharp in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The following table summarises the movement in the fair value of investment properties over the year.

2016/17 £'000		2017/18 £'000
20,900	<b>Balance at the Start of the Year</b>	<b>41,437</b>
19,213	Subsequent Expenditure	5,148
0	Disposals	( 155)
1,324	Net gains/(losses) from Fair Value Adjustments	617
0	Transfers to Assets Held For Sale	( 6)
<b>41,437</b>	<b>Balance at the Year End</b>	<b>47,041</b>

## Note 17: Intangible Assets

The Council accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment. The intangible assets include both the purchased licenses and any internally generated software.

All software is given a finite useful life of 4 years. The carrying amount of intangible assets is amortised on a straight-line basis. The amortisation of £120,000 charged to revenue in 2017/18 was charged to the IT administration cost centre and then absorbed as an overhead across all the service headings in the Net Expenditure of Services.

The movement on Intangible Assets balances during the year is as follows:

2016/17 £'000		2017/18 £'000
	<b>Balance at the start of the year</b>	
585	Gross Carrying Amounts	609
(202)	Accumulated Amortisation	(348)
<b>383</b>	<b>Net Carrying Amount at the Start of the Year</b>	<b>261</b>
	<b>Additions</b>	
24	Purchases	0
(146)	Amortisation for the Period	(120)
<b>261</b>	<b>Net Carrying Value at the End of the Year</b>	<b>141</b>

## Note 18: Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another. For the Council this means that all treasury contracts (borrowings and investments) are recognised as financial instruments as well as trade receivables, loans for policy purposes, trade payables and bank deposits. Statutory charges and payments (e.g. amounts due from Council Tax) are not recognised as financial instruments as these do not arise from contractual agreements and are outside the scope of the accounting treatment for financial instruments.

The borrowings and investments disclosed in the Balance Sheet are made up of the following categories of financial instruments:

2016/17			2017/18	
Non-Current £'000	Current £'000		Non-Current £'000	Current £'000
		<b>Investments</b>		
0	28,879	Loans and Investments	24,117	12,559
<b>0</b>	<b>28,879</b>	<b>Total Investments</b>	<b>24,117</b>	<b>12,559</b>
		<b>Debtors</b>		
7	4	Loans and Receivables	36,176	10
0	2,918	Financial assets carried at contract amounts	0	3,889
<b>7</b>	<b>2,922</b>	<b>Total included in Debtors</b>	<b>36,176</b>	<b>3,899</b>
		<b>Borrowings</b>		
( 19,134)	0	Financial Liabilities at amortised cost	( 64,427)	0
<b>( 19,134)</b>	<b>0</b>	<b>Total included in Borrowings</b>	<b>( 64,427)</b>	<b>0</b>
		<b>Other Long Term Liabilities</b>		
( 10)	( 84)	Finance Lease Liabilities	( 2,927)	( 310)
<b>( 10)</b>	<b>84</b>	<b>Total included in Borrowings</b>	<b>( 2,927)</b>	<b>( 310)</b>
		<b>Creditors</b>		
0	( 1,965)	Financial Liabilities at contract amounts	0	( 6,867)
<b>0</b>	<b>( 1,965)</b>	<b>Total included in Creditors</b>	<b>0</b>	<b>( 6,867)</b>

### Material Soft Loans made by the Council

The Council has no material soft loans outstanding at 31 March 2018.

## Employee Loans

The Council may make car loans for car purchases to employees in the Council who are in a post which requires them to drive regularly on the Council's business. The Council also provides loans for season tickets, cycles and computers. The total value of employee loans outstanding at 31 March 2018 is £10,473 (£11,451 at 31 March 2017).

No interest is charged on the loans, the Council assesses an unsubsidised rate for such loans would be 5%.

## Unquoted Equity Instruments Measured at Cost

The Council has a shareholding in Epsom & Ewell Property Investment Company Limited (representing 100% of the company's capital). The shares are carried at cost of £24,117,000 and have not been re-valued, as a fair value cannot be measured without incurring excessive expense. The company was formed in September 2017. There are no established companies with similar aims in the Council's area whose shares are traded and which might provide comparable market data. There is no indication that the investment may be impaired. The Council has no current intention to dispose of the shareholding.

## Income, Expense, Gains and Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in relation to financial instruments are made up as follows:

2016/17 Re-stated*				2017/18		
Financial Liabilities - Borrowings	Financial Assets - Loans and Investments	Total		Financial Liabilities - Borrowings	Financial Assets - Loans and Investments	Total
£'000	£'000	£'000		£'000	£'000	£'000
7	0	7	Interest expense - finance leases	124	0	124
103	0	103	Interest expense - borrowings	978	0	978
7	0	7	Fee expense	16	0	16
117	0	117	<b>Total expense in Surplus or Deficit on the Provision of Services</b>	<b>1,117</b>	<b>0</b>	<b>1,117</b>
0	(348)	(348)	Interest Income - treasury investments	0	(189)	(189)
0	0	0	Interest Income - loans to subsidiary	0	(764)	(764)
0	(348)	(348)	<b>Total income in Surplus or Deficit on the Provision of Services</b>	<b>0</b>	<b>(953)</b>	<b>(953)</b>
117	(348)	(231)	<b>Net (Income)/Expenditure for the Year</b>	<b>1,117</b>	<b>(953)</b>	<b>164</b>

\*2016/17 figures restated to show interest payable on finance leases separately to interest payable on borrowings.

## Nature and Extent of Risks Arising from Financial Instruments

The Council's activities expose it to a variety of financial risks:

- Credit risk – the possibility that other parties might fail to pay amounts due to the authority
- Liquidity risk – the possibility that the authority might not have funds available to meet its commitments to make payments
- Market risk – the possibility that financial loss might arise for the authority as a result of changes in such measures as interest rates and stock market movements.

The Council's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the resources available to fund services. Risk management is carried out by a central Treasury Team, under policies approved by Strategy & Resources Committee in the Annual Treasury Management Strategy. The Council provides written principles for overall risk management including written policies.

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the authority's customers. Risk to the Council is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, such as ratings received from Fitch, Moody's and Standard & Poors. The Annual Investment Strategy also imposes a £5m maximum sum to be invested with financial institutions located within each category.

The financial assets held by the Council at 31 March 2018 are detailed below.

Financial Asset Category	Type of Financial Asset	Investment at 31 March 2018
	<b>Cash Equivalents</b>	
Deposits with Money Market Funds	Goldman Sachs Deutsche Bank	£ 5.000m £ 0.500m
Global Liquidity Fund	Aberdeen Liquidity Fund	£ 7.059m
	<b>Total Cash Equivalents</b>	<b>£12.559m</b>

The Authority's maximum exposure to credit risk in relation to its investments of £12.559m cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution. Recent experience has shown that it is rare for such entities not to meet their commitments. All of the Authority's deposits are subject to a level of risk, however there is no evidence at the 31 March 2018 that any material risk would occur.

No credit limits were exceeded during the reporting period and the Council does not expect any losses from non-performance by any of its counterparties in relation to deposits and bonds.

The following analysis summarises the Council's potential maximum exposure to credit risk:

	Amount at 31 March 2018	Historical experience of default	Historical experience adjusted for market conditions at 31-Mar-18	Estimated maximum exposure to default and un-collectability at 31 March 2018	Estimated maximum exposure at 31-Mar-17
	£'000	%	%	£'000	£'000
	A	B	C	(A x C)	
Deposits with Aberdeen	7,059	0	0	0	0
Goldman Sachs	5,000	0	0	0	0
Deutsche Bank	500	0	0	0	0
Customers	3,889	3.52%	6.73%	262	608

Customers are assessed, taking into account their financial position, past experience and other factors, with individual credit limits being set in accordance with internal ratings in accordance with parameters set by the Council.

The Council does not generally allow credit for customers, but of the £3.9m balance £1.5m is overdue for payment. The overdue amount can be analysed by age as follows:

31-Mar-17 £'000		31-Mar-18 £'000
360	Less than three months	1,285
385	Three to Five months	78
92	More than Five Months	153
<b>837</b>	<b>Total</b>	<b>1,516</b>

### Liquidity Risk

All trade and other amounts owing are due to be paid in less than one year.

### Market Risk

**Interest rate risk:** The Council is exposed to significant risk in terms of its exposure to interest rate movements on its investments. Movements in interest rates have an impact on the Council. For instance, a rise in interest rates would have the following effects:

- Investments at variable rates – the interest income credited to the Surplus or Deficit on the Provision of Services will rise
- Investments at fixed rates – the fair value of the assets will fall.

However, interest receivable on variable rate investments will be posted to the Surplus or Deficit on the Provision of Services and affect the General Fund Balance. Movements in the fair value of fixed rate investments that have a quoted market price will be reflected in Other Comprehensive Income and Expenditure.

The Council has a number of strategies for managing interest rate risk. The Treasury Management Team has an active strategy for assessing interest rate exposure that feeds into the setting of the annual budget and which is used to update the budget quarterly during the year. This allows any adverse changes to be accommodated.

According to this assessment strategy, at 31 March 2018, if interest rates had been 1% higher with all other variables held constant, the financial effect would be:

	£'000
Increase in interest receivable on variable rate investments	( 243)
<b>Impact on Surplus or Deficit on the Provision of Services</b>	<b>( 243)</b>
Decrease in fair value of fixed rate investment assets	( 65)

The impact of a 1% fall in interest rates would be as above but with the movements being reversed.

There have been no changes to the method and approach for compiling the risk information for 2017/18 compared to 2016/17.

The Council uses external fund managers to manage the majority of its cash backed reserves. Other surplus cash may be invested in gilts or in temporary investments with other public sector authorities, major clearing banks and building societies.

Investments are included in the balance sheet at the lower of cost or market valuation and distinguished between those due for maturity within the next financial year (current asset investments) and those not due within the next year (long term investments).

31 March 2017 Cost and Market Valuation £'000	Short Term Investments (less than 1 year)	31 March 2018 Cost and Market Valuation £'000
15,000	Balance brought forward	12,500
0	Investment during the year	0
( 2,500)	Investments matured during the year	( 12,500)
12,500	Balance carried forward	0

## Fair Values of Financial Assets and Financial Liabilities

All financial assets and financial liabilities held by the Authority are carried in the Balance Sheet at amortised cost. The fair values are calculated as follows; where cost is used as the proxy for fair value, this falls within Level 3 of the fair value hierarchy.

### Financial Assets

31-Mar-17			31-Mar-18	
Carrying Amount £'000	Fair Value £'000		Carrying Amount £'000	Fair Value £'000
		<b>Financial Assets</b>		
28,890	28,890	Loans and Receivables	12,559	12,559
0	0	Unquoted Equity investment at cost	24,117	24,117
0	0	Loans to Subsidiary at cost	36,176	36,176
2,918	2,918	Financial Assets at contract amounts	3,889	3,889
<b>31,808</b>	<b>31,808</b>	<b>Total Financial Assets</b>	<b>76,741</b>	<b>76,741</b>

The 'Loans and Receivables' and 'Financial Assets at contract amounts' are short term in nature, and therefore the fair value is not materially different for the book value. There is no impairment implication. Short term debtors are carried at cost less any impairment, as this is a fair approximation of their value.

It has not been possible to establish fair value of the Council's equity investment and loans to its subsidiary company. There are no established companies with similar aims in the Council's area whose shares are traded and which might provide comparable market data. There is no indication that the investment may be impaired. The Council has no current intention to dispose of the shareholding.

### Financial Liabilities

31-Mar-17			31-Mar-18	
Carrying Amount £'000	Fair Value £'000		Carrying Amount £'000	Fair Value £'000
		<b>Financial Liabilities held at amortised cost</b>		
19,134	19,134	PWLB Loans	64,427	69,525
94	94	Finance Lease Liabilities	3,237	3,237
1,965	1,965	Financial Liabilities at contract amounts	6,867	6,867
<b>21,193</b>	<b>21,193</b>	<b>Total Financial Liabilities</b>	<b>74,531</b>	<b>79,629</b>

The Council's PWLB loans have been fair-valued by Link Asset Services, using Level 2 inputs based on both redemption and new borrowing rates. Financial Lease Liabilities and Short Term Creditors are carried at contracted amounts.

## Note 19: Debtors

A summary of debtors due within the next financial year is detailed below.

2016/17 £'000		2017/18 £'000
886	Central government bodies	1,289
0	Other Local Authorities	0
606	Council Tax Payers	623
109	Non Domestic Rate Payers	133
2,339	Other Entities and individuals	3,680
<b>3,940</b>	<b>Total Debtors</b>	<b>5,725</b>

Long term debtors (greater than 365 days):

2016/17 £'000		2017/18 £'000
7	Staff loans	0
0	Loans to Subsidiary	36,176
<b>7</b>	<b>Total</b>	<b>36,176</b>

## Note 20: Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in specified period (no more than three months) or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the council's cash management.

2016/17 £'000		2017/18 £'000
872	Cash at Bank	430
16,379	Cash Equivalents	12,559
<b>17,251</b>	<b>Cash and Cash Equivalents</b>	<b>12,989</b>

## Note 21: Creditors

A summary of Creditors is detailed below.

2016/17		2017/18
£'000		£'000
( 1,020)	Central Government Bodies	( 234)
( 1,420)	Other Local Authorities	( 1,498)
( 833)	Council Tax	( 727)
( 43)	Non Domestic Rate	( 68)
( 5,735)	Other Entities and individuals	( 6,867)
( 9,051)	<b>Total</b>	<b>( 9,393)</b>

## Note 22: Provisions

A summary of Long Term Provisions is detailed below.

	NDR Appeals	Local Land Charges	Total
	£'000	£'000	£'000
Opening balance at 1 April 2017	(850)	(136)	(986)
Amounts used or written back to revenue in year	121	136	257
Additional provision made in year	(1,551)	0	(1,551)
<b>Closing balance at 31 March 2018</b>	<b>(2,280)</b>	<b>0</b>	<b>(2,280)</b>

The Council has one outstanding provision of £2.280m for its share of appeals against NDR (Business Rates) charges. During 2017/18, £0.121m was charged against the provision. An additional £1.551m was set-aside to cover future appeals, which principally relates to potential appeals from NHS properties. The total £2.280m provision reflects an estimate of the potential effects of appeals that may be settled in future years.

For local land charges, no outstanding liability remains, therefore the remaining unused provision has been written back to revenue.

## Note 23: Reserves

The Council keeps a number of reserves in the Balance Sheet. Some are required to be held for statutory reasons, some are needed to comply with proper accounting practice, and others have been set up voluntarily to earmark resources for future spending plans.

Reserve	Balance 2016/17 £'000	Net Movement in year £'000	Balance 2017/18 £'000	Purpose of Reserve	Further Detail of Movements
General Fund	( 3,334)	( 14)	( 3,348)	Resources available to meet future running costs for non-housing services	Movement in Reserve Statement (Note 10)
Strategic Reserves	( 9,353)	( 3,498)	( 12,851)	Earmarked resources to provide funding for specific areas	Movement in Reserve Statement (Note 10)
Capital Grants Unapplied Account (CIL)	( 3,835)	( 1,201)	( 5,036)	Community Infrastructure Levy used to fund investment in infrastructure.	Movement in Reserve Statement (Note 10)
Capital Receipts Reserve	( 4,893)	4	( 4,889)	Proceeds of Non Current Asset sales available to meet future capital investment	Detailed in this note below
<b>Total Usable Reserves</b>	<b>( 21,414)</b>	<b>( 4,709)</b>	<b>( 26,123)</b>		
Revaluation Reserve	( 36,156)	( 717)	( 36,873)	Store of gains on revaluation of non current assets not yet realised through sales	Detailed in this note below
Capital Adjustments Account	( 62,623)	3,672	( 58,951)	Store of capital resources set aside to meet past expenditure	Detailed in this note below
Council Tax Adjustment Account	( 136)	1	( 135)	Balance held on collection fund and NNDR AC	Detailed in this note below
NNDR Adj Account	413	1,581	1,995	Balance held on collection fund and NNDR AC	Detailed in this note below
Pensions Reserve	33,293	742	34,035	Balancing account to allow inclusion of Pensions Liability in the Balance Sheet.	Note 32
<b>Total Unusable Reserves</b>	<b>( 65,209)</b>	<b>5,280</b>	<b>( 59,928)</b>		
<b>Total Reserves</b>	<b>( 86,623)</b>	<b>571</b>	<b>( 86,052)</b>		

### Revaluation Reserve

The Revaluation Reserve records the net gain (if any) from revaluations made after 1 April 2007. Unrealised (gains)/losses occur when non-current assets are revalued. If an asset is revalued at an increased amount over the current net book value in the Balance Sheet, then there is an unrealised gain. If the asset is revalued below its net book value, then there is an unrealised loss. However, when the review of an asset value reveals a reduction, it is necessary to determine whether impairment has occurred, either because of general price decreases or because of the clear consumption of the economic benefits of the assets.

The main reason for this is to ensure that non-current assets are recorded in the Statement of Accounts at no more than their recoverable amount and any resulting impairment loss is measured and recognised on a consistent basis.

All non-current assets are reviewed at the end of each financial year for evidence of reductions in value. Where impairment is identified as part of this review or as a result of a valuation exercise, this is normally charged to the relevant service revenue account.

In the event that the relevant asset has a balance in the Revaluation Reserve, the decrease in value is written off against any revaluation gains held, with any excess charged to the relevant service revenue account. Where an impairment loss is charged against gains in the Revaluation Reserve for that asset, the amount up to the value of the balance in the Revaluation Reserve is transferred from the Revaluation Reserve to the Capital Adjustment Account.

The balance on the account represents the difference between the original values of assets and their revalued amounts where appropriate. The account is written down by the net book value of assets as they are disposed of, and either debited with the deficits or credited with the surpluses arising on future revaluations.

2016/17 £'000		2017/18 £'000
( 33,862)	<b>Balance at 1 April 2017</b>	( 36,156)
( 2,294)	Upward revaluation of assets	( 3,034)
0	Downward revaluation of assets and impairment losses not charged to the Surplus/Deficit on the Provision of Services	2,317
( 2,294)	<b>Surplus or deficit on revaluation of non-current assets not posted to the Surplus or Deficit on the Provision of Services</b>	( 717)
0	Amount written off to the Capital Adjustment Account	0
( 36,156)	<b>Balance at 31 March 18</b>	( 36,873)

### Movements in Amounts Capital Adjustment Account to Finance Capital Investment

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement. The account is credited with the amounts set aside by the Authority as finance for the costs of acquisition, construction and enhancement.

The account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Authority.

The account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

Total movements in amounts set aside to finance capital investment were:

2016/17 £'000		2017/18 £'000
(61,492)	<b>Balance brought forward at 1 April 2017</b>	(62,623)
	<b><u>Reversal of Items Relating to Capital Expenditure Debited or Credited to the Comprehensive Income and Expenditure Statement</u></b>	
2,241	- charges for depreciation and impairment of non-current assets	3,126
0	- revaluation (gains)/losses on property, plant & equipment	2,715
146	- amortisation of intangible assets	120
52	- amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	247
2,439	<b>Total Reversal of Items Relating to Capital Expenditure Debited or Credited to the Comprehensive Income and Expenditure Statement in 2017/18</b>	6,208
(59,053)	<b>Net Written out Amount of the Cost of Non-Current Assets Consumed in the Year</b>	(56,415)
	<b><u>Capital Financing Applied in the Year</u></b>	
(812)	- use of the Capital Receipts Reserve used to finance new expenditure	(344)
(1,126)	- capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing	(256)
(110)	- statutory provision for the financing of capital investment charged against the general fund	(693)
(197)	- capital expenditure charged against the General Fund	(626)
(2,245)	<b>Total Capital Financing Applied in 2017/18</b>	(1,919)
(1,324)	Movements in the market value of Investment Properties debited or credited to the Comprehensive Income and Expenditure Statement	(617)
(62,623)	<b>Balance Carried Forward at 31 March 2018</b>	(58,951)

### Revenue Expenditure funded from Capital under Statute

Revenue Expenditure funded from Capital under Statute is capital expenditure incurred on improvements to assets not owned by the authority, improvement grants or other areas where no tangible Non-Current Asset was created, which are written off to the revenue account over the estimated period of economic benefit to the authority, normally one year. The amounts written down are charged to the appropriate front line service within the net cost of services and financed from either a transfer from the Capital Adjustment Account or matched against any government grant funding such that the net effect on the general fund reserve is neutral.

2016/17 £'000		2017/18 £'000
464	Revenue Expenditure funded from Capital under Statute	424
( 464)	External Funding (Disabled Facilities Grant)	( 396)
0	Funding from S106 receipts	( 28)
0	<b>Transfer from Capital Adjustment Account</b>	<b>0</b>

### Usable Capital Receipts Reserve

2016/17 £'000		2017/18 £'000
( 4,968)	Balance brought forward at 1 April	( 4,893)
( 737)	Amounts receivable in year	( 223)
0	Transfer from Capital Grants Unapplied	( 117)
812	Amounts applied to finance new capital investment	344
75	<b>Total (Increase)/decrease in realised capital receipts</b>	<b>4</b>
( 4,893)	<b>Balance carried forward at 31 March</b>	<b>( 4,889)</b>

The usable capital receipts reserve represents the receipts available to finance capital expenditure in future years, after setting aside the required statutory amounts for the repayment of external loans.

### Pensions Reserve

Pension costs are detailed in Note 32.

### Council Tax Collection Fund Adjustment Account and NNDR Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

2016/17 £'000		2017/18 £'000
81	<b>Balance at the start of the year</b>	<b>278</b>
( 15)	Amount by which council tax income credited to the CIES is different from council tax income calculated for the year in accordance with statutory requirements	1
212	Amount by which NNDR income credited to the CIES is different from NNDR income calculated for the year in accordance with statutory requirements	1,581
<b>278</b>	<b>Balance at the end of the year</b>	<b>1,860</b>

111	Lease rentals	497
( 776)	Other financing activities (NNDR shares and Council Tax Preceptors)	169
( 19,134)	Long-term Borrowing	( 45,293)
<b>( 19,799)</b>		<b>( 44,627)</b>

## Note 27: Members' Allowances

The total amount of Members' allowances paid in 2017/18 was £165,530 (£164,950 in 2016/17) and additional expenses totalled £3,802 (£1,720 in 2016/17).

## Note 28: Executive Remuneration Bands and Exit Packages

The following table shows the number of staff whose total remuneration, excluding employer's pensions contribution but including gross salary, expense allowances, supplements, compensation for loss of office (i.e. redundancy) and benefits, exceed £50,000 in bands of £5,000:

No. of Staff 2016/17	Remuneration Range	No. of Staff 2017/18
6	£50,000 - £54,999	5
1	£55,000 - £59,999	2
2	£60,000 - £64,999	1
2	£65,000 - £69,999	3
2	£70,000 - £74,999	0
1	£75,000 - £75,999	2
1	£95,000 - £99,999	0
0	£110,000 - £114,999	1
1	£115,000 - £119,999	1
<b>16</b>	<b>Total</b>	<b>15</b>

## Senior Officer Remuneration

Detailed remuneration information for senior employees is set out below.

2017/18	Chief Executive* £'000	Chief Finance Officer £'000	Previous Chief Legal Officer** £'000	Current Chief Legal Officer** £'000	Chief Operating Officer*** £'000
Salary	100	69	42	10	23
Bonuses	0	0	0	0	0
Expenses Allowances	4	2	4	1	0
Compensation for loss of office	0	0	0	0	0
Other Benefits	8	5	4	0	0
<b>Total remuneration excluding Pension contributions</b>	<b>112</b>	<b>76</b>	<b>50</b>	<b>11</b>	<b>23</b>

<b>Total remuneration including pension contributions 2016/17</b>	<b>142</b>	<b>113</b>	<b>83</b>

\* 2016/17 Chief Executive's salary included 7k for Returning Officer duties.

### Exit Packages

In 2017/18 the Council paid four exit packages with a total cost of £99,814. There were 15 exit packages paid in 2016/17 totalling £91,360.

<b>No. of Staff 2016/17</b>	<b>Exit Packages</b>	<b>No. of Staff 2017/18</b>
14	£0 - £19,999	2
1	£20,000 - £49,999	2
<b>15</b>	<b>Total</b>	<b>4</b>

### Note 29: Audit Costs

In 2017/18 Epsom and Ewell Borough Council incurred the following fees relating to external audit and inspection:

<b>2016/17 £'000</b>		<b>2017/18 £'000</b>
45	Fees payable to the external auditors with regard to external audit	45
9	Fees payable to the external audit for the certification of grant claims and returns	10
<b>54</b>	<b>Balance to Income and Expenditure Account</b>	<b>55</b>

## Note 30: Capital Financing Requirement

2016/17 £'000		2017/18 £'000
( 161)	<b>Opening Capital Financing Requirement</b>	<b>18,973</b>
	<b>Capital investment:</b>	
677	Property, Plant and Equipment	725

0	Investment in Subsidiary	60,293
1,364	Assets under Construction	398
0	Community Assets	264
24	Intangible Assets	0
0	Assets Acquired under Finance Leases	3,634
464	Revenue Expenditure Funded from Capital under Statute	424
	<b>Sources of finance:</b>	
( 812)	Capital receipts	( 344)
( 1,599)	Government grants and other contributions	( 679)
	<b>Sums set aside from revenue:</b>	
( 197)	Direct revenue contributions	( 626)
0	Minimum Revenue Provision	( 693)
<b>18,973</b>	<b>Closing Capital Financing Requirement</b>	<b>87,517</b>
<b>19,134</b>	<b>Increase/(decrease) in Capital Financing Requirement</b>	<b>68,544</b>

## Note 31: Finance and Operating Leases

### Finance Leases in (Council as Lessee):

The Council has acquired a number of vehicles under finance leases. The assets acquired under these leases are carried as Property, Plant and Equipment in the Balance Sheet at the following net amounts:

2016/17 £'000		2017/18 £'000
189	Vehicles, Plant, and Equipment	3,684

The Council is committed to making minimum payments under these leases comprising settlement of the long-term liability for the interest in the vehicle acquired by the council and finance costs that will be payable by the council in future years while the liability remains outstanding. The minimum lease payments are made up of the following amounts:

2016/17 £'000		2017/18 £'000
84	Finance lease liabilities: Current	310
10	Finance lease liabilities: non- Current	2,927
6	Finance costs payable in future years – Interest	692
<b>100</b>	<b>Minimum lease payments</b>	<b>3,929</b>

Minimum Lease Payments	Finance Lease Liabilities		Minimum Lease Payments	Finance Lease Liabilities
2016/17 £'000	2016/17 £'000		2017/18 £'000	2017/18 £'000
89	84	Not later than one year	445	310
11	10	Later than one year and not later than five years	1,725	1,323
0	0	Later than five years	1,759	1,604

Lease payments are apportioned between:

- A charge for the acquisition of the interest in the property, plant or equipment recognised in the Income and Expenditure account – applied to write down the lease liability;
- A finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement); and

- Minimum lease payments include both finance charge (interest) and lease liability (principal).

### Operating Leases in (Council as Lessee)

The Council has no material operating leases in.

### Operating Leases out (Council as Lessor)

In 2017/18 the Council received £2,679,070 (note 16) in rental income from its investment properties (£1,631,000 in 2016/17), all of which was generated from operating leases.

With regard to the Council's activity as a lessor, the gross value of land and buildings assets held for use in operating leases was £46,367,000 in 2017/18 (£39,854,000 in 2016/17).

The future lease payments receivable in future years are:

Lease Income at 31 March 2017 £'000		Lease Income at 31 March 2018 £'000
1,686	Not later than one year	2,832
4,503	Later than one year and not later than five years	8,385
78,864	Later than five years	85,071
<b>85,053</b>	<b>Total</b>	<b>96,288</b>

£28.7 million of the income is from leases granted on Longmead and Nonsuch industrial estates.

The Council leases parts of the Town Hall to Surrey County Council (SCC) and Surrey Police. The lease with SCC is on a rolling basis and earns annual rental of £96,000 per annum. The lease with Surrey Police is for ten years commencing January 2012 with an annual value of £47,000. Income from both leases are included within the cost of services and part of the lease income table above.

## Note 32: Pension Costs

### Participation in Pension Schemes

As part of the terms and conditions of employment of its officers and other employees, the authority offers retirement benefits. Although these benefits will not actually be payable until employees retire, the authority has a commitment to make the payments that need to be disclosed at the time that employees earn their future entitlement.

The authority participates in the Local Government Pension Scheme for civilian employees, administered by Surrey County Council – this is a funded scheme, meaning that the authority and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets.

### Transactions Relating to Retirement Benefits

EEBC recognises the cost of retirement benefits in the Net Cost of Services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge required against council tax is based on the cash payable in the year, so the real cost of retirement benefits is reversed out in the Movement in Reserve Statement. The following transactions have been made in the Comprehensive Income and Expenditure Account and Statement of Movement in Reserves Statement during the year:

2016/17 Restated* £'000		2017/18 £'000
	<b>Comprehensive Income and Expenditure Statement</b>	
0	Adjustment to opening liability	112
	<u>Net Cost of Services:</u>	
1,811	Current service cost*	3,089
22	Past service gain/cost*	18
	<u>Financing and Investment Income and Expenditure:</u>	
955	Net Interest Expense	847
<b>2,788</b>	<b>Total Post Employment Benefit Charged to the Surplus or Deficit on the Provision of Services</b>	<b>4,066</b>
	<b>Other Post Employment Benefit Charged to the Comprehensive Income and Expenditure Statement</b>	
	<u>Remeasurements</u>	
( 1,245)	Changes in demographic assumptions	0
15,232	Changes in financial assumptions	( 1,703)
( 2,051)	Other experience	( 40)
( 7,486)	Return on assets excluding amounts included in net interest	518
<b>4,450</b>	<b>Total Post Employment Benefit Charged to the Comprehensive Income and Expenditure Statement</b>	<b>( 1,225)</b>
	<b><u>Movement in Reserves Statement</u></b>	
( 2,788)	Reversal of net charges made to the Surplus or Deficit for the Provision of Services for post-employment benefits in accordance with the Code	( 4,066)
2,004	Employers' contributions payable to scheme	2,099

\*2016/17 has been restated to show current and past service costs separately. These were previously presented as one combined cost.

## Assets and Liabilities in Relation to Post-employment Benefits

The liabilities shown below are the underlying commitments that the authority has to pay in retirement benefits over the long-term. The total increase in liability of £0.741 million impacts the net assets of the authority as recorded in the balance sheet, resulting in an overall pension liability of £34.0 million. The pension liability is 40% of the balance sheet net value in 2017/18 compared to 38% in 2016/17.

The deficit on the local government scheme will be made good by increased contributions over the remaining working life of employees, as assessed by the scheme actuary.

The underlying assets and liabilities for retirement benefits attributable to the authority at 31 March 2018 are as follows:

2016/17 Restated* £'000		2017/18 £'000
( 86,619)	<b>1 April 2017</b>	( 100,284)
0	Adjustment to opening balance	( 4)
( 1,811)	Current service cost*	( 3,089)
( 22)	Past service cost*	( 18)
( 2,923)	Interest cost	( 2,508)
( 497)	Contribution from scheme participants	( 506)
105	Unfunded benefits paid	99
3,419	Benefits paid	3,325
	<u>Remeasurement gains/(losses):</u>	
1,245	- actuarial gains/losses arising from changes in demographic assumptions	0
( 15,232)	- actuarial gains/losses arising from changes in financial assumptions	1,703
2,051	- Other experience	40
( 100,284)	<b>Estimated scheme liabilities at 31 March 2018</b>	( 101,242)
<b>58,560</b>	<b>1 April 2017</b>	<b>66,991</b>
0	Adjustment to opening balance	( 108)
1,968	Interest income	1,661
	<u>Remeasurement gain/(loss):</u>	
7,486	- return on plan assets, excluding the amount in net interest expense	( 518)
1,899	Contributions from employer	2,099
497	Contributions from employees into the scheme	506
( 3,419)	Benefits paid	( 3,424)
<b>66,991</b>	<b>Estimated scheme assets at 31 March 2018</b>	<b>67,207</b>
( 33,293)	<b>Net asset / (liability) 31 March 2018</b>	( 34,035)

\*2016/17 has been restated to show current and past service costs separately. These were previously presented as one combined cost.

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the balance sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

#### Actual Return on Scheme Assets as per Actuaries

2016/17 £'000		2017/18 £'000
9,454	Actual return as per actuaries	1,143

The return on the fund in market value terms for the period to 31st March 2018 is estimated based on actual funds return as provided by the administering authority and Index returns where necessary.

#### Scheme History

	2012/13 £'000	2013/14 £'000	2014/15 £'000	2015/16 £'000	2016/17 £'000	2017/18 £'000
<b>Present value of liabilities:</b>						
Local Government Pension Scheme	( 73,450)	( 81,002)	( 89,702)	( 86,619)	( 100,284)	( 101,242)
<b>Fair Value of Assets:</b>						
Local Government Pension Scheme	50,009	52,914	58,618	58,560	66,991	67,207
<b>Total</b>	<b>( 23,441)</b>	<b>( 28,088)</b>	<b>( 31,084)</b>	<b>( 28,059)</b>	<b>( 33,293)</b>	<b>( 34,035)</b>

Statutory arrangements for funding the deficit mean that the financial position of the Authority remains healthy.

The deficit will be made good by increased contributions over the remaining working life of employees (before payments fall due), as assessed by scheme actuary.

The Council expects to make employer's contributions totalling an estimated £2,010,000 into the Local Government Pension Scheme in the year to 31 March 2019.

#### Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependant on assumptions about mortality rates, salary levels, etc. The Surrey County Council Fund liabilities have been assessed by Hyman Robertson, an independent firm of actuaries. The main assumptions used in their calculations are:

2016/17		2017/18
	<b>Longevity at 65 for current pensioners:</b>	
22.5	Men	22.5
24.6	Women	24.6
	<b>Longevity at 65 for future pensioners:</b>	
24.1	Men	24.1
26.4	Women	26.4
2.4%	Rate of increase in pensions	2.4%
2.7%	Rate of increase in salaries	2.7%
2.5%	Rate for discounting scheme liabilities	2.6%
25.0%	Take-up of option to convert annual pension into retirement lump sum	25.0%

IAS19 requires the disclosure of the sensitivity of the results to the methods and assumptions used.

The sensitivities in relation to the principal financial assumptions which have been used to measure the scheme liabilities are:-

- 0.5% decrease in Real Discount Rate would result in an approximate increase in the defined benefit liability of £8.841m (9%)
- 0.5% increase in the Salary Increase Rate would result in an approximate increase in the defined benefit liability of £1.064m (1%)
- 0.5% increase in the Pension Increase Rate would result in an approximate increase in the defined benefit liability of £7.674m (8%)

The principal demographic assumption is the longevity assumption (i.e. member life expectancy). It is estimated that a one year increase in life expectancy would approximately increase the Employer's defined benefit obligation by around 3-5%. In practice the actual cost of a one year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages).

The above figures have been based on the membership profile as at the date of the most recent actuarial valuation.

Assets in the Surrey Pension Fund are valued at fair value, principally market value for investments. The Fund's assets consist of the following categories, by proportion of the total assets held by the Fund:

Percentage of Fund Assets 2016/17		Percentage of Fund Assets 2017/18
68%	Equity Investments	68%
14%	Bonds	14%
6%	Property	6%
12%	Cash	12%
<b>100%</b>	<b>Total</b>	<b>100%</b>

**Movement in net pension liability:**

2016/17 £'000		2017/18 £'000
( 28,059)	<b>Opening Balance</b>	<b>( 33,293)</b>
	Adjustment to opening liability	( 112)
( 1,811)	Current Service Costs	( 3,089)
( 22)	Past Service gains/(Costs)	( 18)
( 955)	Net Interest Expense	( 847)
2,004	Employer Contributions	2,099
( 4,450)	Remeasurements	1,225
<b>( 33,293)</b>	<b>Closing Balance</b>	<b>( 34,035)</b>

**Note 33: Contingent Liabilities & Assets**Municipal Mutual Insurance

The Council has been notified by the Scheme Administrator for Municipal Mutual Insurance Ltd that the amount subject to levy is £83,615 which may be claimed by Municipal Mutual Insurance Ltd in relation to future liabilities as at 31 March 2018. The Council's earmarked Insurance Reserve includes an amount to cover any future claims.

Ewell Court House Insurance Claim

In 2013 a fire caused extensive damage to Ewell Court House and restoration works were undertaken funded through insurance. Our insurers are seeking damages through court action for the costs of the claim, the Council is also pursuing uninsured losses. The Council expects the claim to be settled during 2018/19. If successful, the Council would expect to recover around a maximum of £154k. Should the claim be unsuccessful, the Council could potentially incur £48k in irrecoverable court costs.

## Note 34: Related Parties

The Council is required to disclose material transactions with related parties, bodies or individuals that have the potential to influence the Council or be influenced by the Council.

UK Central Government has effective control over general operations of the Authority – it is responsible for providing the statutory framework, within which the Authority operates. UK Central Government provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the authority has with other parties (e.g. council tax bills and housing benefits). These transactions are listed in the core statements and supporting notes.

Members of the Council have direct control over the Council's financials and operating policies. The net cost to Epsom and Ewell Borough Council of related party transactions was £143,000 in 2017/18 (£134,000 in 2016/17). The grants were made with proper consideration of declarations of interests that are all recorded by the Council and open to public inspection.

<b>Total</b>	<b>134</b>	<b>143</b>	

### Epsom & Ewell Property Investment Company Limited

The Council owns a subsidiary company, Epsom and Ewell Property Investment Company Limited (EEPIC). As at 31 March 2018, four Council officers served as Directors of EEPIC – the Chief Executive, Chief Finance Officer, Head of Property and Regeneration, and Head of Housing & Environmental Services. The Council's previous Chief Legal Officer was a Director of EEPIC until his resignation in November 2017.

Under EEPIC's Business Plan, approved at Council on 19 September 2017, the Council provides loans and equity to EEPIC, for it to invest in commercial property and generate a return.

During 2017/18, the Council entered into the following related party transactions with EEPIC:

2017/18 Transaction Description	2017/18 £'000
<b><u>Payments made by EEPIC to EEPIC</u></b>	
Equity investments in EEPIC	24,117
Loans to EEPIC	36,176
<b>Subtotal</b>	<b>60,293</b>
<b><u>Amounts received by EEPIC from EEPIC</u></b>	
Interest receivable from EEPIC	( 764)
Support services rechargeable to EEPIC	( 140)
Insurance recharges	( 20)
Dividend from EEPIC	( 424)
<b>Subtotal</b>	<b>( 1,349)</b>

The combined financial position of the Council and EEPIC is shown in the group accounts from page 74.

## Note 35: Collection Fund Income and Expenditure Account

This account reflects the statutory requirements for the Epsom and Ewell Borough Council, as the billing Authority, to maintain a separate Collection Fund. The Fund shows the transactions in relation to the Council Tax and Non-Domestic Rates, and sets out the way in which these have been distributed between the General Fund, Surrey County Council and Surrey Police Authority (the preceptors). Council Tax is the means of raising income from local residents to pay for council services. Under the new Business Rate Retention Scheme local authorities retain 40% of income collected on local Business Rates. Of the remainder, 50% is passed over to the Government and 10% to the County. This account sets out the income and the shares between the preceptors.

2016/17				2017/18

## Notes to the Collection Fund Income and Expenditure Account

The Council's tax base, that is the number of chargeable dwellings in each valuation band (adjusted for dwellings where discounts apply) converted to an equivalent number of band D dwellings, was calculated as follows:

Band	Total Properties For Band	Proportion To Band D	Relevant Amount for
A	85.03	6/9 <sup>th</sup>	56.69
B	751.95	7/9 <sup>th</sup>	584.85
C	3,948.48	8/9 <sup>th</sup>	3,509.76
D	7,592.86	9/9 <sup>th</sup>	7,592.86
E	6,887.39	11/9 <sup>th</sup>	8,417.92
F	4,290.88	13/9 <sup>th</sup>	6,197.94
G	3,764.44	15/9 <sup>th</sup>	6,274.06
H	132.84	18/9 <sup>th</sup>	265.68
Aggregate of Relevant Amounts			32,899.76
Estimated Collection Rate			98.25%
Council Tax Base			32,324.01

The Council achieved a council tax collection rate of 99% in 2017/18 (99% in 2016/17).

## Non-Domestic Rates Statistics

2016/17 £'000		2017/18 £'000
58,545	Total Non-Domestic Rateable Value at year end	64,919
49.7	National Non-Domestic Rate Multiplier (Standard)	47.9

## Precepting Bodies

Epsom & Ewell Borough Council, as a billing authority, collects Council Tax and passes on the payments to the preceptors.

2016/17 £'000		2017/18 £'000

( 81)	Increase/(Decrease) in Bad Debt Provision	45
<b>441</b>	<b>Balance at Year End</b>	<b>486</b>

## Group Accounts

In September 2017, the Council established a 100%-owned subsidiary company, Epsom & Ewell Property Investment Company Limited (EEPIC), principally to invest in high quality, out-of-Borough, commercial property. The company aims to achieve rental yields from commercial property, delivering a long term income stream to the Council. This income stream will assist the Council in becoming more financially self-sufficient (independent from government grants) and sustaining high-quality services to local residents and businesses.

EEPIC is based in the Council's Town Hall offices in Epsom. Its board of directors are also officers of the Council. Other than EEPIC, the Council has no other subsidiary.

The Code of Practice requires a local authority to prepare group accounts if it has a control over one or more other legal entities. The aim of the group accounts is to give an overall picture of the extended services and economic activity within the local authority's control.

The assets, liabilities, reserves and income and expenditure figures for EEPIC have been consolidated into group accounts on the following pages.

The Council is required to prepare the core statements to the group accounts together with the relevant notes where they are materially different to the reporting in its own accounts. The following statements have been prepared:

Group Comprehensive Income and Expenditure Statement  
Group Movement in Reserves statement.  
Group Balance Sheet  
Group Cash Flow Statement

### Accounting Policies

The group income and expenditure account, group balance sheet, group movement in reserves statement and group cash flow statement have been prepared by consolidating the accounts of the Council and its subsidiary on a line by line basis. The accounts of the subsidiary have been prepared in accordance with UK Accounting Standards, FRS 102 and applicable law, using similar accounting policies and practices to those of the Council. However some accounting policies and practices do differ in some respects from the Council's due to legislative requirements. Where there are differences the impact of applying a consistent policy would not lead to a material change in the group accounts.

## Group Creditors - Current

	2017/18 EEBC Creditors £'000	2017/18 Group Creditors £'000
Central Government Bodies	( 234)	( 303)
Other Local Authorities	( 1,498)	( 1,498)
Council Tax	( 727)	( 727)
Non Domestic Rate	( 68)	( 68)
Other Entities and individuals	( 6,867)	( 7,913)
<b>Total</b>	<b>( 9,393)</b>	<b>( 10,509)</b>

## Group Debtors - Current

	2017/18 EEBC Debtors £'000	2017/18 Group Debtors £'000
Central government bodies	1,289	1,289
Other Local Authorities	0	0
Council Tax Payers	623	623
Non Domestic Rate Payers	133	133
Other Entities and individuals	3,680	3,713
<b>Total Debtors</b>	<b>5,725</b>	<b>5,758</b>

## Group Investment Properties

The following items of income and expenditure relating to investment properties have been accounted for in the Financing and Investment Income and Expenditure line in the Group CIES:

	2017/18 EEBC £'000	2017/18 Group £'000
Rental Income from Investment Property	( 2,679)	( 4,146)
Other Net Expenditure Arising from Investment Property	138	155
<b>Net (Income)/Expenditure</b>	<b>( 2,541)</b>	<b>( 3,991)</b>

There are no restrictions on the Group's ability to realise the value inherent in its investment property or on the remittance of income and the proceeds of disposal. The Group has no contractual obligations to purchase, construct or develop investment property.

### Fair Value Hierarchy

All the Group's investment properties have been value assessed as Level 2 on the fair value hierarchy for valuation purposes (see Accounting Policies for an explanation of the fair value levels).

### Valuation Techniques Used to Determine Level 2 Fair Values for Investment Property

Investment Properties are measured in the year of purchase at cost including transaction costs, which is taken as the best estimate of fair value, unless there are indications to the contrary. In subsequent years, investment properties are revalued annually and held at fair value at the balance sheet date. Any increase or decrease in fair value is taken to profit or loss for the year.

The fair value measurement of investment property uses a market approach, which takes into account quoted prices for similar assets in active markets, existing lease terms and rentals, research into market evidence including market rentals and yields, the covenant strength for existing tenants, and data and market knowledge gained in managing the portfolio. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs are significant, leading to the properties being categorised as level 2 on the fair value hierarchy. There has been no change in the valuation techniques used during the year for investment properties.

In estimating the fair value of the Group's investment properties, the highest and best use is their current use.

### Valuation Process for Investment Properties

The Group's investment property has been valued as at 31 March 2018 by the Huggins, Edwards & Sharp in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The following table summarises the movement in the fair value of investment properties over the year.

	2017/18 EEBC £'000	2017/18 Group £'000
<b>Balance at the Start of the Year</b>	<b>41,437</b>	<b>41,437</b>
Subsequent Expenditure	5,148	65,086
Disposals	( 155)	( 155)
Net gains/(losses) from Fair Value Adjustments	617	617
Transfers to Assets Held For Sale	( 6)	( 6)
<b>Balance at the Year End</b>	<b>47,041</b>	<b>106,979</b>

## Group Related Parties

During 2017/18, the Council entered into the following related party transactions with EEPIC:

2017/18 Transaction Description	2017/18 £'000
<b><u>Payments made by EEBC to EEPIC</u></b>	
Equity investments in EEPIC	24,117
Loans to EEPIC	36,176
<b>Subtotal</b>	<b>60,293</b>
<b><u>Amounts received by EEBC from EEPIC</u></b>	
Interest receivable from EEPIC	( 764)
Support services rechargeable to EEPIC	( 140)
Insurance recharges	( 20)
Dividend from EEPIC	( 424)
<b>Subtotal</b>	<b>( 1,349)</b>

The Council made long-term loans of £36.2m and equity investments of £24.1m in EEPIC, which are recognised and measured at cost in the Council's balance sheet. The loans are repayable at maturity in 2067. Interest is payable annually at a fixed 5% rate. If EEPIC breached financial covenants included in the loan agreements, the loan could become repayable to the Council before 2067.

EEPIC's total comprehensive income for the period was £0.42m, which was paid as a dividend to the Council. EEPIC also makes payments to the Council for support services and interest on the long term loans. In 2017/18, interest payments totalled £0.764m and support service recharges including insurance were £160k.

At 31 March 2018, four Council officers served as Directors of EEPIC – the Chief Executive, Chief Finance Officer, Head of Property and Regeneration, and Head of Housing & Environmental Services. The Council's previous Chief Legal Officer was a Director of EEPIC until his resignation in November 2017.

## Statement of Responsibilities

### Council's Responsibilities

1. The Borough Council is required to:
  - Make arrangements for the proper administration of its financial affairs and to ensure that one of its officers has the responsibility for the administration of those affairs. In this authority that officer is the Chief Finance Officer.
  - Manage its affairs in order to secure the economic, efficient and effective use of resources and to safeguard its assets;
  - Approve and publish the Statement of Accounts by 31 July 2018.

### Chief Finance Officer's (S151) Responsibilities

2. The Chief Finance Officer is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom* (the Code).

In preparing this statement of accounts, the Chief Finance Officer has:

- Selected suitable accounting policies and then applied them consistently;
- Made reasonable and prudent judgements and estimates;
- Complied with the Code of Practice.

The Chief Finance Officer has also:

- Kept proper and up to date accounting records;
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

## Draft Annual Governance Statement 2017/18

### 1. Introduction

- 1.1 This is the Council's Annual Governance Statement for 2017/18. It provides an opinion on the Council's governance arrangements, a review of the effectiveness of the governance statement, an update on the actions agreed in last year's statement and issues identified in 2017/18.
- 1.2 The Council adopted a code of corporate governance which reflects the principles and is consistent with the CIPFA/SOLACE Framework, "Delivering *Good Governance in Local Government*" 2016. This framework requires that local authorities are responsible for ensuring that;
- Their business is conducted in accordance with all relevant laws and regulations.
  - Public money is safeguarded and properly accounted for.
  - Resources are used economically, efficiently and effectively to achieve priorities which benefit the local authority.
- 1.3 All Councils are required to produce an Annual Governance Statement (AGS) and review their governance arrangements at least once a year.

### 2. Corporate Governance

- 2.1 Corporate governance is the process by which the Council directs, controls and is held to account. The Council's governance framework aims to ensure that in conducting its business it:
- Operates in a lawful, open, inclusive and transparent manner;
  - Makes sure that public money is safeguarded, properly accounted for and used economically, efficiently and effectively
  - Has effective arrangements for the management of risk and;
  - Secures continuous improvements in its governance
- 2.2 The Council approved its Code of Corporate Governance in April 2017 which is based on the seven new principles within the Chartered Institute of Public Finance (CIPFA)/ Society for Local Authority Chief Executives (SOLACE) Framework 2016. The Code summarises the Council's internal arrangements; each section looks at how the Council accounts for the principles. The Council acknowledges that it is responsible for ensuring that there is a sound system of governance and internal control compliant with its adopted principles within the local code. A high level summary is included in this document.

### **3. Compliance with the Principles**

#### **3.1 PRINCIPLE A- Behaving with Integrity, demonstrating strong ethical values and respecting the law**

This is achieved by:

#### **3.2 The Council's Constitution lays out compliance with legislation and includes;**

- Codes of conduct which define our standards and behaviour and deals with conflicts of interest
- Whistleblowing
- Financial Procedure Rules and Contract Standing Orders
- Anti-Fraud and Corruption Strategy and the Anti-Bribery Policy
- Rules relating to Members external interests
- Rules relating to Gifts and Hospitality
- Codes of Conduct for Members and Employees
- Scheme of Delegation to officers
- Information Security Policy
- Information Governance Policy
- Money Laundering Policy

#### **3.3 The Monitoring Officer has specific responsibility for ensuring legality and investigating issues raised to ensure compliance with laws and regulations;**

#### **3.3 Ensuring effective arrangements are in place for the discharge of the Monitoring Officers duties**

#### **3.4 PRINCIPLE B - Ensuring openness and comprehensive stakeholder engagement.**

This is achieved by:

#### **3.5 Documenting a commitment to openness and acting in the public interest.**

#### **3.6 Establishing clear channels of communication with different sectors of the community and other stakeholders, ensuring accountability and encouraging open consultation.**

#### **3.7 Ensuring an effective scrutiny function is in place.**

#### **3.8 PRINCIPLE C - Defining outcomes in terms of sustainable economic, social and environmental benefits.**

This is achieved by:

#### **3.9 Developing and communicating a vision which specifies intended outcomes for citizens and service users and is used as a basis for planning**

**3.11 PRINCIPLE D - Determining the interventions necessary to optimise the achievement of the intended outcomes.**

This is achieved by:

- 3.12 Translating the vision into courses of action for the Council, its partnerships and collaborations
- 3.13 Reviewing the effectiveness of the decision making framework, including delegation arrangements, decision making in partnerships, information provided to decision makers and robust data quality.
- 3.14 Measuring the performance of services and related projects and ensuring that they are delivered in accordance with defined outcomes and that they meet the agreed use of resources and value for money.

**3.15 PRINCIPLE E- Developing the Council's capacity, including the capability of its leadership and the individuals within it.**

This achieved by

- 3.16 Defining and documenting the roles and responsibilities of members and management with clear protocols for effective communication in respect of the Council and partnership arrangements.
- 3.17 Ensuring effective arrangements are in place for the discharge of the Head of Paid Service.
- 3.18 Providing induction and identifying the development needs of members and senior management.

**3.19 PRINCIPLE F - Managing risks and performance through robust internal control and strong public financial management.**

This is achieved by:

- 3.20 Reviewing the effectiveness of the framework for identifying and managing risks and for performance and then demonstrating clear accountability.
- 3.21 Ensuring effective counter fraud and anti-corruption arrangements are developed and maintained in accordance with the Code of Practice on managing the risk of fraud and corruption (CIPFA 2015).
- 3.22 Independent review of the internal controls by Internal Audit when carrying out assessments of key activity areas.

**3.23 PRINCIPLE G - Implementing good practices in transparency, reporting, and audit, to deliver effective accountability.**

This achieved by:

- 3.24 Ensuring that assurance arrangements conform to the governance requirements of the CIPFA statement on the Role of the Head of Internal Audit (2010) and where they do not, explain why and how they deliver the same impact.
- 3.25 Undertaking the core functions of an audit committee, as defined in audit Committee, Practical Guidance for Local Authorities and Police (CIPFA 2013)
- 3.26 Ensuring that the Council provides timely support and information and responses to external auditors and properly considers audit findings and recommendations.

#### **4. How do we know that our arrangements are working?**

- 4.1 The Code of Corporate Governance requires assurance upon:

- Delivery of the Council's Corporate Plan and the Key Priorities
- Services delivered economically, efficiently and effectively
- Management of risk
- Financial planning and performances
- Effectiveness of internal controls
- Community engagement and public accountability
- Project management and project delivery
- Governance of shared services and alternative services delivery modules
- Procurement processes
- Roles and responsibilities of members and officers
- Standards of conduct and behaviour
- Training and development of members and officers
- Compliance with laws and regulations, internal policies and procedures
- Records keeping

#### **4.2 Sources of Assurance**

- Constitution and scheme of delegation
- Council Meetings and Full Council
- Corporate Plan and Service delivery plans
- Performance Management Framework
- Risk Management Framework
- Project Management methodology
- Medium Term Financial Strategy and budget monitoring
- Customer Service Strategy and Complaints Policy
- HR Policies and procedures
- Whistleblowing policies
- Organizational Development Strategy
- Training for Members and Officers
- External Audit and Internal Audit
- Role of Head of Paid Service, Chief Finance Officer and Chief Legal Officer

#### **4.13 Assurances Received and Review of Effectiveness**

- All Heads of Service are required to complete a Divisional Assurance Statement.

- The Statutory Officers were consulted on the review process and their roles and responsibilities and consulted on the outcome.
- The Chief Executive and the Chair of Strategy and Resources sign the AGS
- Frauds reported and complaints to the Ombudsman are reviewed.
- The Head of Internal Audit's Opinion for 2017/18 is taken into account, and comments made by external audit and other external reviews.
- Performance and performance indicators are reviewed.
- We have made progress in implementing the action plan from 2016/17.
- The Leadership Team is fully structured and assists with good governance in delivering key services and making corporate decisions and monitors performance.
- Key management roles are defined and are within the Leadership Team,
- The Council's finances are driven through the Medium Term Financial Strategy. The Council sets an annual budget which is regularly monitored and reviewed and the Council's financial systems and processes are regularly audited.

#### **4.14 Opportunities to improve**

This AGS builds upon previous AGS's. All the key governance mechanisms remain in place. This documents includes any changes to the key governance systems and an update of the significant governance arrangements in 2016/17

## **5 The Council and how it functions**

- 5.1 The Council is a committee authority where policies and decisions are determined and scrutinized.
- 5.2 There are four main policy committees; Strategy & Resources, Community & Well Being, Licensing and Planning Policy and the Environment Committee.
- 5.3 The Council's Regulatory and Advisory Committees/Panels include; Licensing Hearing Panel, Planning Committee, the Appointments Panel, Financial Policy Panel, Health Liaison Panel and the Human Resources Panel.
- 5.4 In addition the joint committees and outside bodies include; Epsom and Walton Downs Conservators, Epsom & Walton Downs Consultative Committee and the Nonsuch Park Joint Management Committee.
- 5.5 The Constitution sets out the roles and responsibilities and there is a terms of reference for each committee/body
- 5.6 Meetings are open and all agenda papers, reports and decisions can be found on the Council's website and partnership risks are identified in committee reports. Details of all consultations and surveys are also available. The Council's budget and financial statements are available through the web site. The web site also highlights all completed and approaching public consultation & staff surveys.

- 5.7 The management structure is available on the Council's website. The Chief Executive is the Head of Paid Service. In 2018 the Council added a new role of Chief Operating Officer. These posts meet regularly and also as part of the Leadership Team.

## **6 Significant operational events in 2017/18**

- 6.1 The Council has established a separate but wholly owned property company, EEPIC. The Council has agreed a Property Investment Strategy to formulate policy on investing in property including the Commercial Property Acquisition Fund.
- 6.2 The directors of the company are the Chief Executive, Chief Finance Officer, Head of Property & Regeneration, and Head of Housing & Communities. The governance arrangements are enshrined in the articles of association and the shareholders agreement and the directors are accountable. They have been trained on their director's roles and responsibilities including conflicts of interest.
- 6.2 The Council's governance arrangements for ICT have altered as a result of separation of the ICT shared service

## **7 Managing Risks**

- 7.1 All Members and officers are responsible for ensuring that the risk implications are considered and included when making decisions and planning services. To deliver services and key priorities the Council must manage its risks and opportunities.
- 7.2 Significant risks are recorded in the Leadership Risk Register which is managed and monitored. The Leadership Team reviews this every 6 months. The risk register is used to formulate the internal audit plan. The service risks are identified from the Divisional Assurance Statements completed by the Heads of Services. The Risk Management Framework is reviewed annually.
- 7.3 The Council's IT systems are regularly audited and the Council has an IT Security & Acceptable Use Policy and IT Information Assurance Policy. Staff have received training on information governance and a number of workshops were held on maintaining information asset registers to improve how data is managed.

## **8 Managing Fraud**

- 8.1 The Council's Whistleblowing Policy is part of the Constitution which is available on the Council's website. The Council also has an Anti-Fraud and Corruption Strategy which determines the culture of honesty and opposing fraud and corruption

## **9 Managing Resources**

- 9.1 The Council continues to manage the effect of austerity measures through its Medium Term Financial Strategy and has introduced some new initiatives.
- 9.2 The Council is required to set a balanced budget on an annual basis. The budget sets out how much money will be spent on services, invested in projects and the level of Council tax for individual residents. The level of Council Tax also includes tax required by Surrey County Council and Surrey Police Commissioners Office although it has no control over the amount set by these bodies.

## **10 Responsibility of the Chief Financial Officer**

- 10.1 The Chief Finance Officer is responsible for delivering and overseeing the financial management arrangements for the Council. He is part of the Council's Leadership Team and reports direct to the Chief Executive. These arrangements, both in design and in day to day practice, enable the financial aspects of material business decisions to be given due weight.
- 10.2 The Council maintains an effective system of financial control which is clearly set out within the Council's financial regulations and procedure rules. Control and oversight is facilitated by an effective internal audit function and underpinned by a strong culture of careful management of public money demonstrated by all managers. The effectiveness of the control environment can be evidenced through the Council's recent history of financial outturns and the timeliness and quality of the financial statements and other financial returns.
- 10.3 The Chief Finance Officer is the Council's S.151 Officer and in accordance with the statutory requirement has the relevant accountancy qualification and significant local government experience. In the opinion of the Chief Finance Officer, the Council's finance function is adequately resourced and contains a mix of staff with the appropriate levels of professional qualifications and experience.
- 10.4 The Chief Finance Officer is involved in the preparation of the Annual Governance Statement.

## **11 Managing Performance**

- 11.1 The Council's performance management arrangements uses a RAG system (red/amber green). Targets are set annually based on the Council's Corporate Plan. The relevant Heads of Service and Committee Chairmen are consulted on proposed targets. The Audit, Crime & Disorder and Scrutiny Committee receives and reviews all targets. Accountability rests with the relevant Head of Service. The targets are also delivered through the Service Delivery Plan and individual targets. 63% of the 2017/18 targets were achieved.

## **12 Stakeholder Engagement**

- 12.1 The Council has changed its complaints process to a two stage procedure for recording complaints. This is clearly laid out in our procedure backed by the customer charter. The number of complaints to the Ombudsman forms part of this procedure and an annual report is received. For 2017 a total of 19 complaints were referred with a 33% upheld rate.
- 12.2 Phase 2 of the Council's website project is being implemented to improve digital transformation and accessibility by residents. Data is published on the website to meet the requirements of the Local Government Transparency Code.

## **13 Internal Audit and External Audit Assurance**

- 13.1 Internal audit is a key element of the governance arrangements and provides an independent, risk based approach.
- 13.2 Internal Audit is delivered through a Consortium with other Surrey organizations and is provided by an external provider RSM. RSM operate to the Public Sector Internal Audit Standards which is assessed every 5 years; they report direct to the Audit, Crime & Disorder and Scrutiny Committee.
- 13.3 The Head of Internal Audit's year end opinion for 2017/18 concluded that the Council has an adequate and effective framework for risk management, governance and internal control. However their work identified some further enhancements to the framework of risk management, governance and internal control to ensure that it remains adequate and effective
- 13.4 The Audit, Crime & Disorder and Scrutiny Committee carries out the role of an Audit Committee as identified in CIPFA's "Audit Committees – Practical Guidance for local authorities". The Committee produces an Annual Report to Council which covers the work of internal audit. This Committee meets throughout the year and monitors specific areas of governance including performance management, risk management and internal audit; it receives the Head of Internal Audit's Year end opinion. As a Scrutiny Committee, it also conducts a number of specific reviews.
- 13.5 In 2017/18, the Committee met 4 times and reviewed progress against the audit plan, progress in implementing recommendations, and risk management arrangements. The Committee annually review how effective it has been in overseeing the arrangements in their annual report to Council.
- 13.6 External Audit is provided by Grant Thornton and was appointed through the Public Sector Appointments (PSAA). The statutory accounts for 2017/18 are being audited and they should have an unqualified opinion and value for money (subject to confirmation)

## 14 Issues from 2016/17

- 14.1 The implementation of the actions identified in 2016/17 have been monitored and reported in detail to the Audit, Crime & Disorder and Scrutiny Committee as part of the arrangements for approving the AGS.

Issues identified for 2016/17	Action taken
Ensure the workforce has adequate resilience and also has the appropriate skills to deal with future requirements and changes to the way Council's operate.	The new Pay & Reward scheme has been introduced as part of the overarching Organisational Development Strategy
There have been a number of governance issues identified during 2016/17 within planning. The Council is currently at risk of designation by the Secretary of State to improve planning performance.	An LGA Planning Peer Review was undertaken and an improvement action plan was agreed and is currently being implemented to reduce possibility of designation
Elements of the Constitution are out of date and need to update.	The Constitution is being updated and a number of key documents agreed such as the Officer Member protocol. This will continue in 2018/19
<p>The Council has moved from debt free to external borrowing of up to £80m for property.</p> <p>This increases the Council's financial risk and there needs to be a robust approach in place when purchasing property and developing new service models.</p>	<p>The Council has approved a wholly owned company for commercial property purchases.</p> <p>Reserves are set aside for any loss of income and the accounts are independently audited.</p>
The robustness of IT governance, data recovery and disaster recovery arrangements need to be reviewed to ensure that all IT projects are properly managed and data can be recovered.	The ICT new ways of working group has set up with responsibility for governance and ensuring there are proper processes in place.

## 15 CONCLUSION AND SIGNIFICANT GOVERNANCE ISSUES 2017/18

- 15.1 The Council is satisfied that the appropriate governance arrangements are in place however it remains committed to maintaining and where required improving those areas. The key issues to be addressed in 2018/19 are listed below and these will be reviewed and monitored with a detailed action plan.

Issues identified for 2017/18	Planned Action
A number of codes, policies and strategies are out of date and in need of updating	A rolling programme of reviewing policies and strategies will be introduced with a checklist to ensure documents are timely and relevant
The Council has introduced alternative service methods and needs to ensure the governance arrangements are clear.	The governance arrangements of the company are being reviewed to ensure arrangements are clear and transparent and an audit will be undertaken in 18/19
The Council has received confirmation that it is at risk of designation for the quality of decision making although an improvement plan is in place resulting from the Planning Peer Review.	This will continue to be closely managed and a range of actions implemented to secure improvements

**Signed:**

.....

Chair of Strategy and Resources & Chief Executive on behalf of Epsom and Ewell Borough Council

## Glossary of Financial Terms

The following terms and abbreviations, while not being exhaustive, may prove of assistance in understanding the Statement of Accounts.

### FINANCIAL TERMS

<b>Accounting Period</b>	The period of time covered by the Council's accounts. The Council's financial year is the period from 1st April to the following 31 March.
<b>Accrual</b>	The recognition of income and expenditure as it is earned or incurred, i.e. not as cash received or paid.
<b>Actuary</b>	Independent advisor to the Council on the financial position of the Pension Fund.
<b>Actuarial Valuation</b>	Independent triennial review of the Pension Fund assets, liabilities and reserves, the results of which, including recommended employer's contribution rates, the Actuary reports to the Council.
<b>Amortisation</b>	The writing off of intangible assets or loan balances to revenue service accounts over an appropriate period of time.
<b>Balances</b>	The surplus or deficit on any account at the end of an accounting period. The term is often used specifically to refer to the availability of unallocated revenue reserves.
<b>Budget</b>	A statement defining the Council's policies over a specified period of time in terms of finance.
<b>Capital Charges</b>	Charges made to individual service revenue accounts to reflect the cost of the assets employed. Charges may include both notional interest and depreciation elements (also referred to as asset rentals).
<b>Capital Expenditure</b>	Expenditure incurred on the purchase or improvement of significant assets including land, buildings and equipment, which will be of use or benefit in providing services for more than one financial year.
<b>Capital Financing Charges</b>	The annual cost of capital, including principal repayments, interest charges and leasing costs.
<b>Capital Receipts</b>	A capital receipt is the income received from the disposal of a capital asset, the repayment of any loan, grant or other financial assistance given for a capital purpose. The receipts can only be used to meet capital expenditure, debts or other long-term liabilities. To qualify as a capital receipt the income must exceed £10,000.

<b>Chartered Institute of Public Finance and Accountancy (CIPFA)</b>	CIPFA is the main professional body for accountants working in the public service. It draws up the Accounting Codes of Practice and issues professional guidance that is used to compile these accounts.
<b>Collection Fund</b>	A fund administered by the Council as a 'billing authority'. The Council Tax and National Non-Domestic Rates are paid into this fund and payments are made to Central Government, Surrey County Council, Elmbridge Borough Council, Surrey Police, Claygate Parish as required by statute.
<b>Collection Fund Adjustment Account</b>	An account that is credited/debited with the difference between the Collection Fund surplus that is required by government regulations to be charged to the General Fund in the year and the amount required under accounting requirements to be shown in the Comprehensive Income and Expenditure Account. The balance on the account at the year-end represents the Borough Council's element of the Collection Fund balance at year-end.
<b>Contingent Liabilities</b>	Where possible "one-off" future liabilities or losses are identified but the level of uncertainty is such that the establishment of a provision is inappropriate. Such items are disclosed in the form of a note to the accounts.
<b>Council Tax</b>	The main source of local taxation to local authorities. This is levied on households within its area by the billing authority and the proceeds paid into its Collection Fund for distribution to precepting authorities and for use by its own General Fund.
<b>Creditors</b>	Amounts owed by the Council at the end of the accounting period.
<b>Debtors</b>	Amounts owed to the Council at the end of the accounting period.
<b>Depreciation</b>	The measure of the cost of the benefit of the fixed asset that has been consumed during the period.
<b>Earmarked Reserves</b>	Balances set aside to meet specific future, usually non-recurring, commitments.
<b>Fees and Charges</b>	Income receivable as payment for goods or services provided.
<b>Intangible Assets</b>	Capitalised expenditure not resulting in a tangible asset. Such amounts are amortised over an appropriate period.

<b>Minimum Revenue Provision</b>	The minimum amount, prescribed by law, to be set aside each year from revenue to repay the principal amounts of external loans outstanding. The Council can set aside amounts in addition to the minimum requirement, known as a voluntary provision for debt redemption.
<b>(National) Non-Domestic Rate(s) (NNDR)</b>	A levy on businesses based on the rateable value of the premises they occupy. It is also known as "business rates", the "uniform business rate" and the "national non-domestic rate". Since the localisation of Business Rates was introduced, NNDR is collected by billing authorities and distributed to central government, county and fire authorities on the basis of a pre-set formula which includes retaining a proportion of rate income for the billing authority.
<b>Post Balance Sheet Events</b>	Significant events which occur after the end of the accounting period but prior to the date when the accounts are issued.
<b>Precept</b>	The precepting authorities' council tax. This is collected by billing authorities on behalf of the precepting authorities.
<b>Precepting Authorities</b>	Those authorities which are not billing authorities, i.e. do not collect the council tax and non-domestic rate. The Council bills and collects on behalf of the Surrey County Council and Police Authority. In addition, billing authorities pay a proportion of rate income to precepting authorities (see NNDR above).
<b>Provisions</b>	Amounts set aside to meet probable "one-off" future liabilities or losses but where exact dates and amounts are uncertain.
<b>Public Works Loans Board</b>	A government body that provides loans to local authorities.
<b>Revenue Expenditure</b>	This is the routine day to day cost of providing the Council services. Under the <u>Local Government and Housing Act 1989</u> , all expenditure is regarded as revenue unless it is specifically classified as capital.
<b>Revenue Expenditure funded from Capital Resources Under Statute</b>	Expenditure that can be classified as capital expenditure but which does not result in the acquisition of an asset.
<b>Revenue Support Grant</b>	A grant paid by central government as part of "formula grant" to support local authority services in general, as opposed to specific grants which may only be used for a prescribed purpose.

**Support Services**

Professional, technical and administrative activities, such as Finance, Information Technology and Human Resources, which support the provision of front line services.
